President McRae

James W. McRae Takes Up New Duties as Laboratory President

Sandia Corporation's new President, James W. McRae, last week assumed his duties in the Laboratory. He succeeds Donald A. Quarles who resigned to accept the post of Assistant Secretary of Defense in charge of Research and Development.

Mrs. McRae and three of their four children will move to Albuquerque in a few weeks and the McRaes will occupy a home on Sandia Base.

Pay Visit Here

Carol, 14, the McRae's oldest daughter, will remain in the East with her grandmother for the remainder of the school year. Beth, who will be 12 in October, Jimmy, to be 8 next month, and Johnny, who is now 6½ years old, will be here this year with their parents. They will live at 3329 49th Loop.

Mrs. McRae and daughters Carol and Beth visited Albuquerque and Sandia Base with Mr. McRae in August—the children's first trip to the Southwest. Mrs. McRae is a native of Oklahoma and has lived in several western states. They are moving to Albuquerque from Madison, N.J., where they have lived since 1946.

Joined Labs in 1937

Mr. McRae has been with the Bell Telephone Laboratories since 1937. Prior to joining Bell he attended the University of British Columbia and graduated in 1933. In 1934 he received his degree of Master of Science in electrical engineering from California Institute of Technology, and in 1937 was awarded his Ph.D. in electrical engineering from the same school.

During World War II he was on military leave from the Laboratories with the U. S. Army Signal Corps. He served as Chief of the Engineering Staff of the Signal Corps Engineering Laboratories, Bradley Beach, N. J.

President of IRE

After his release from military service with the rank of lieutenant colonel in 1945, he rejoined the Bell Telephone Laboratories staff and in

1947 became Director of Electronics and Television Research.

In 1949 he became Director of Apparatus Development and then Director of Transmission Development. He was appointed Vice-President in charge of the Systems Development organization in 1951. He is President of the Institute of Radio Engineers for the year 1953.

Newlin Is Named As New Chairman Of Entertainment

Gene Newlin, 6010, has been appointed Coronado Club Entertainment Chairman, it was announced recently by the Club Board of Directors.

Gene Newlin

responsibility has been the selection, contractual arrangements, and scheduling of all bands at the Club.

Gene is especially suited for this. He was the leader of his own bands in high school and at college. For a year, while at Los Alamos, Gene was a member of the Army-Navy entertainment committee.

In taking over the Chairman's post, Gene said the committee anticipates featuring live bands on Saturday nights.

"For the next couple of months we'll try scheduling live bands each Saturday. Attendance will determine whether the policy will be continued or not."

He also called attention to a suggestion box recently installed in the Club lobby. "If members will take advantage of it," Gene said, "the committee will have a much better idea of the type of entertainment we should plan for."

Welcome, Mr. McRae

This week the BULLETIN wishes to extend warm greetings to Sandia Corporation's new president, James W. McRae. Speaking for several thousand Sandians in the Laboratory, we say, "Welcome to the great Southwest, to our mountains, our green valleys and our great expanse of colorful desert."

Some of us are natives of the state or of this portion of the country, and others of us, like you, Mr. McRae, have moved here from elsewhere to make our homes. Our hope is that you, Mrs. McRae and your children will find your new home in New Mexico as pleasant as we have.

Southwestern hospitality, friendliness and informality will be yours to enjoy as we have enjoyed them. Residents of Albuquerque and the state, as well as Laboratory employees, wish you to feel at home among us and make the most of the boundless pleasures you will find here.

Civic Symphony 1953-54 Season Opens October 5

The Albuquerque Civic Symphony Orchestra is preparing for another season starting Monday, Oct. 5. Featured this year will be some of the Southwest's finest musical artists under the direction of Conductor Hans Lange.

Noted pianist Claudette Sorel will star at the first of six concerts planned for this season. Other programs are scheduled for Nov. 15 with Mack Harrell, Baritone; Dec. 13, the Christmas concert; Feb. 16; March 29, featuring violinist Julian Olevsky; and May 10—Young Artists or orchestral ensembles will be billed for the Feb. 16 and May 10 concerts.

Season memberships are \$6 and student memberships are \$3. Tickets can be obtained from Mrs. Howard Viney, 3061 34th Street, Sandia Base, ext. 23175; Mrs. Sheldon Dike, 3072 35th Place, Sandia Base, ext. 29285; or from Mrs. Everett Cox, 801 Hermosa Dr. NE, Alb. 5-2255.

Sandians See Where Their Community Chest Dollars Will Go This Year

T. E. Shea to Appear On Jaycees Television Show Sunday, Oct. 4

T. E. Shea, Sandia Corporation Vice President and General Manager, will appear at 4 p.m., Oct. 4, on the KOB-TV program, "The Jaycees Ask."

President Tom L. Popejoy of the University of New Mexico will appear with Mr. Shea on the public service program which is sponsored by the Albuquerque Junior Chamber of Commerce.

Moderator will be Judge James Maloney. Sidelights of the current Red Feather Campaign will be discussed by the participants. Mr. Shea is vice-president of the Albuquerque Community Chest.

The program is one of a series of TV shows sponsored by the Jaycees providing citizens with information concerning community problems and activities.

Director of the series since its inception is Thomas E. Zudick, 1916.

Community Chest team captains and squad leaders from the Corporation saw for themselves this week the need for a successful drive when they visited several of the agencies which will benefit from the campaign.

Workers from the 2000 organization—about 35 of them—divided and half of them toured the agencies on Tuesday morning, half on Wednesday morning. Each of the tours covered the St. Anthony's Orphanage, Martineztown Community Center, Salvation Army and Christina Kent Day Nursery.

The 3000, 4000 and 5000 organizations sent about 17 volunteers on the tour Thursday and this morning 13 representatives from the 1000 organization visited the agencies.

In addition, AEC volunteers and representatives of the general committee accompanied each of the tours.

Team captains and squad leaders who made the trips returned prepared to brief the Red Feather solicitors on their first hand views of the needy agencies.

Four Different Orchestras Will Be At Coronado Club During the Month

Except for the first Saturday of October, which falls during State Fair week, next month's Coronado Club calendar of events reflects the entertainment committee's new policy of featuring live orchestras on Saturday nights whenever feasible.

Band Each Saturday

Four different orchestras will play on consecutive Saturday nights this month starting with the Orlie Wagner orchestra at an informal dance on the 10th. Al Hamilton's orchestra will appear on the 17th and the Dream Weavers are scheduled for the 24th.

On the last day of the month—Hallowe'en—a gala costume ball, featuring the 17-piece Air Force Band, will be held. All of these dances are free to members, \$1 per guest, and they'll all be held from 9 to 1.

Buffet Set

The monthly buffet dance is slated for Oct. 11 and Men's Night will be held the 19th.

Square dancers can plan to whoop it up next month on the 9th and 23rd and bridge players can count on duplicate games every Thursday from 7:45 to 10:30, plus a Ladies afternoon bridge and canasta session from 1:15 to 4 p.m. on the 23rd.

Bingo players will convene at 8 p.m. on the 14th and 28th.

Hams to Discuss TV Interference

The problem of television interference over amateur radio bands will be one of the main topics under discussion when the Sandia Base Radio Club meets on Monday at the Base clubhouse at 8 p.m.

Members will also discuss plans for future emergency mobile radio projects.

On October 13 the club will meet to hear F. E. Handy, vice-president and communications manager, American Radio Relay League, present "A Report on League Affairs," at the University of New Mexico's Mitchell Hall. The lecture will begin at 8 p.m.

Sandians Help Staff Cub Scout Committee

The Sandia Base Cub Scout committee members were announced early this month at a meeting at the Officers' Club.

Sandians included among Pack 87 officers are Douglas H. Sampson, 2310, vice-chairman, and H. H. Pastorius, 2440, training.

Among Den Mothers are Mrs. T. M. Clark, Mrs. Gene R. Bussey, Mrs. C. D. Maytum, Mrs. R. W. Henderson, and Mrs. L. W. Schulz.

Photo by Laskar

ORPHANS ARE VISITED by Community Chest workers from Sandia. As part of the tours to various Red Feather agencies conducted among Corporation team captains and squad leaders, these Sandians visited the St. Anthony Boys' Home. Here they

talk to a group of boys in the Home's large dining hall. From left to right they are: Velda Messersmith, 2451, Frieda Salazar, 4222, Henry Strauss, 2310, one of the Sisters, "Curly" Eggert, 2414, and Charles Campbell, 1900.

SANDIA BULLETIN

Friday, September 25, 1953

Published for the employees of Sandia Corporation, Albuquerque, New Mexico

Editor, Robert S. Gillespie
Assistant Editors, William A. Jenkins, Maxine Ethridge

Photography by Photographic and Reproduction Division

The Sandia Bulletin is published every other Friday. Contributions should be mailed to The Bulletin, Employees Service Office, Building T-301. All contributions should be in The Bulletin office by noon Friday; one week in advance of publication date.

Telephone Ext. 25253

There Were 4,900 Fires Today

The nation's industry joins observance of National Fire Prevention Week again this year. From October 4 to 10 special effort will be made to call attention to the losses which are inflicted on the country through fires of all kinds.

The National Fire Protection Association brings forth a grim report for losses in 1952. There were 275 fires in United States and Canada with individual losses of \$250,000—the aggregate loss was \$182,243,000.

They further report: America has 4,900 fires a day; 33 are killed by fire every day; 65 are injured or disfigured; 920 homes, 78 stores, 100 factories, nine schools, eight churches, five theatres and four hospitals are damaged by fire daily.

On the brighter side of the ledger we may look at the fire record of Sandia Corporation from Jan. 1 to Sept. 1 of this year. In the Laboratory area there were only six fires. There were three fires with no loss and the three other blazes resulted in losses totaling \$26.

One blaze in Bldg. 860 was started from sparks of a cutting torch, the loss was \$12. Heat from a furnace in Bldg. 866 destroyed wires in a conduit with a \$6 loss. A trash fire in a Dempster Dumpster resulted in an \$8 loss.

Though more and more fireproof permanent buildings are being provided for the Laboratory the fire danger still exists.

Remember, a needless fire breaks out in United States every 15 seconds—don't let the next one be your fault.

the way we heard it

Thanks for Relief

With tears in their eyes employees are offering thanks to the city for removing the weeds from the middle of Gibson Avenue. The tears are caused by hay fever and not gratitude, but the less tumble weed, false rag weed and such, the fewer the sniffles.

Television Time

Jule Erickson, wife of Ken Erickson, 5130, opened her television show this fall—"The Six Keys." The program is written by Jule and will appear weekly over KOB-TV.

Things to Come

Here are a few stories which could well materialize for the BULLETIN in months to come . . . Howard Stumpf and Eaton Draper are exploring some ancient Indian ruins . . . a Sandia scientist is making a mechanical heart . . . the Sandia Laboratory Federal Credit Union has made an amazing growth in the past year . . . Irv Lenz and Howie Mauldin are each working with radio controlled model airplanes in their spare time.

Welcome!

Newcomers

A welcome is extended to the following newcomers who joined Sandia Corporation between September 2nd and 15th:

- Paul S. Rufsvold 1513
- Charles O. Wright 1522
- Theresa E. Kiley 1544
- Wilbur L. Miller 1554
- Floyd A. Stake 1641
- Martin J. Vigil 1643
- Sarajane L. Manias 2334
- A. LaVerne Hartzell 2417
- Frances L. Matheson 2461
- A. Louise Myers 2461
- Katherine H. Preston 2461

Frog Lore

Wilbur Sheaffer, 5215, says it's a greater sport than trout fishing. He's referring to his frog fishing hobby. He goes to clear water irrigation ditches, uses a 15-foot cane pole, baits the line with red flannel, and usually gets his limit of eight per day. (See picture on this page.)

Cobra Round-up

The city of Springfield, Mo., could well take a lesson from some of our Sandians who have served at Salton Sea. Springfield, you have probably noticed, was scared stiff of the dozen or so cobras loose in town.

In the earlier days of Salton Sea test base rattlers gave an occasional scare. Poses were formed as the critters were rounded up easily. The Chief of Police of Springfield used a pole with a loop to snare the cobra, then he killed it with a hoe. Out in California the Sandians gave the rattlers a quick puff from a CO₂ fire extinguisher, froze 'em brittle, then were then dropped on a rock and broken into small fragments.

Around the Departments

Vacationers from 2352 included R. S. Lemm, who went to Los Angeles, Mel Pliner, two weeks in Colorado, Lois Ewald, a week in Nebraska, and Robert Kronberger, 2353, a week at home to put in his new lawn.

Andrew Alderete, 4222, vacationed recently in California with relatives.

Chuck Rood, 2335, and his family took their holiday in the midwest states.

C. A. Ashby, 2512, and his wife recently returned from Costa Mesa, Calif., where they attended the wedding of their youngest son, Russell, to Miss Audrie Berg of that city. The ceremony took place in St. Andrew's Presbyterian Church, Newport Beach, Calif., August 30.

Sandians on recent vacations included Bill Ingram, 2121-3, to California; Clarence Canaday, 2123, visits in the southwest and west coast; Blythe Wemple, 2121-1, a tour of eastern states, and John Colwell, 2131-2, hunting and fishing and enjoying a visit from his parents who reside in Iowa.

Ellen Roop, 2231, was called to California recently to attend the funeral of an aunt.

When Warren Buck's wife told him late at night that it was time to call the doctor, he did what every young prospective father does and hurried to the telephone. On the way he fell over a coaster wagon and broke an arm. However, Warren, who works in 2234-1, says it didn't dampen his spirits as he welcomed their new daughter, Catherine Lynn, into the family Sept. 9. She weighed six pounds, two ounces, and she's the fourth of the Buck's children.

Lewis and Shirley Hake and family visited relatives in San Diego recently and did some coastal sight-seeing; Lew is in 5342 and Shirley, 2232. Ludwig Eversgard, 2232, visited friends and relatives in Chicago for a vacation, returning to the Duke City with a new Chevrolet. Dulin Westfall, 2232, and family spent their vacation in West Virginia, stopping enroute in Cincinnati to see a big league ball game.

His co-workers in 2231 are wishing a speedy recovery for Gene Redlinger who was injured recently when he fell from a horse.

Stay-at-home vacationers from 3152 included Neil Hansen and Arnold Schuknecht, both of whom report they were kept busy working around their homes. Betty Wilford, 3152, has returned from a two week vacation with her parents in Ohio, and Dean Irvin, 3152, recently visited relatives in Lincoln, Neb.

Monira Green, 2541-1, plans to leave next month to join her husband in Rhine Main, Germany, where he is stationed . . . bon voyage!

Loretta Morris, 3153, was called to St. Louis recently by the death of her foster-father.

Perm Dwyer, 2123-3, spent his vacation touring the state of Vermont.

Diane Mawson, 2471, enjoyed a week's vacation in California visiting relatives and sightseeing, and George Corbett, 2471, and his wife, "Curly", 2461, have returned from a pleasant trip through Nebraska and Wyoming, then back through Oklahoma visiting friends and relatives.

Mike Montoya, 2471, spent his vacation at home, but returned to the job happy with all the work he'd accomplished. Recently moved into their new home on Florida St. NE are Clem Sproul, 1284-1, and his wife, Claudine, 2471. They're now busy getting settled after the usual moving ordeal.

Photo by Dunlap

NOT KISSIN' COUSINS—just extra-friendly playmates are Roy S. Dunlap II, left, and Joda Mahboub, his girl-next-door. The children are the son of Roy L. Dunlap, 2462-1, and daughter of Joe Mahboub, 2452. The young gentleman's father, a Sandia Corporation photographer, happened on the scene for this wonderful picture.

Jim Galbreath, 3153, spends his spare-time hours building a roof for his stable at his home in the valley.

John McPhate, 1521-4, and his wife, Eleanor, 4131, returned last week from a vacation at their home in Cedar Crest and visits to the Pecos country. Barbara Angstadt, 4222 (1521-3), and her husband are back from an extensive vacation that included visits to Philadelphia, New York, Atlantic City, and Niagara Falls. Ben Blythe, 1521-4, and his wife spent the second lap of his summer holiday touring New Mexico with his wife and son. Bill Wing, 1521-3, vacationed for a week in Colorado.

Vernon Miklebost, 2561-4, and his wife enjoyed a two week sojourn in the Black Hills of South Dakota, and Jerry Howard, 2561-2, visited in Los Angeles for three weeks.

Vacationers from 3131 include Ray Clark who went to Denver and Herb Dietrich who camped out at Priest River in Idaho.

Misinformation supplied the BULLETIN for its Sept. 11 issue resulted in this column telling of Art Mattila, 1263, driving to Santa Fe in his new MG automobile to attend the 1953 Fiesta. Art corrects the item by pointing out that he spent the weekend at home—and that he doesn't own an MG.

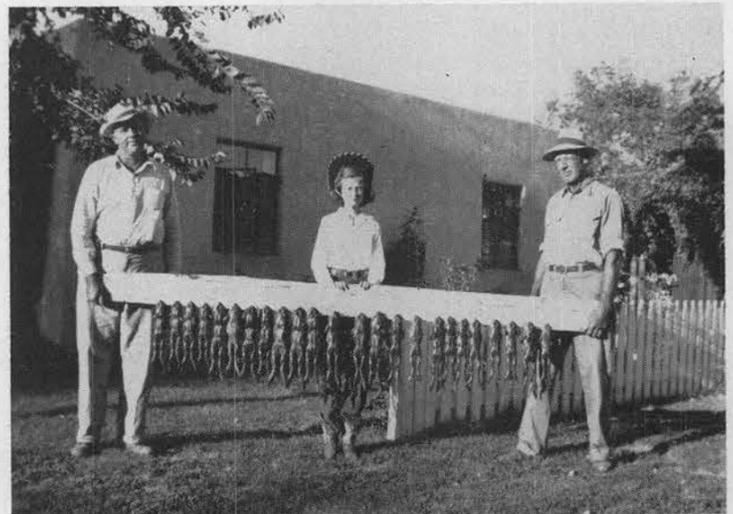

In 2541 the vacations have been in full swing. Nancy Kuhnhausen visited her parents in her native California, and Sue Hulse spent her vacation buying a car and planting a new lawn. Connie Taylor and his wife, Nell, 1623, took off for "parts unknown" and R. D. Lepore spent an enjoyable vacation—"the only kind of a vacation" he says—"just loafing."

June Maples, 2544, went to St. Louis, Mo., to visit relatives, and Della Gonzales, 2541-1, spent Labor Day weekend in Flagstaff, Oak Creek Canyon and the Grand Canyon in Arizona. W. M. Kimball, 2541-1, painted two rooms of his home during his vacation and asks "was that a vacation?", and E. C. Mathias, 2541-3, went fishing without cooperation of the fish.

G. C. Gaskill, 2541-3, visited such scenic spots as Mt. Rushmore in the Black Hills during his holiday, and Reuben Villanueva, also 2541-3, toured New Mexico.

His co-workers in 2541 wish a speedy recovery for Charlie Abeyta who has been bedded down with an injured leg.

A hearty wish for a quick return to his job is wished for Joe Maestas, 2419, from all his friends at the Corporation. Joe recently underwent surgery.

FORTY POUNDS OF FROGS are displayed here by Wilbur Sheaffer, 5215, his daughter, Joyce, and Jasper Mason, 5212. Some of the 24 frogs, caught near Alameda, measured as much as 18 inches long.

SANDIA SIDELIGHTS

'Around the Clock' Theme of Women In Club Style Show

Photo by Hodges

THE DELICATE hand-moulded flowers on this decorative wedding cake were done by Viney Strance, 5110, and the luscious frosting was supplied by her husband, Edward L. Strance, 2232. Viney and Ed at one time were in the fancy catering business but now they turn out a masterpiece like this only rarely. The flowers are fashioned by hand from a special formula of frosting and many hours of work go into decorating a festive cake like this one.

THE WHOLE GANG from 1650 turned out for a departmental picnic in the shade of the cottonwoods by the Rio Grande recently.

Photo by Laskar

THE BUNNY HOP (sort of a staccato snake dance) was one of the featured events at the recent Tex Beneke dance at the Coronado Club. That's Tex on the sax, incidentally.

THIS SNAPSHOT of Jim C. French, 2223, and Mrs. French was taken during their vacation in Atlanta, Ga., in front of the Cyclorama at Grant Park. Jim and his wife visited their son and his wife in the southern state.

VACATIONER Buck Jolly, 2121-2, enjoys a chair lift at Berthod Pass, Colo., where he and his wife, Jeanne, 3153, visited during a recent holiday.

"Around the Clock at Sandia" is the theme selected for the style show, October 3, sponsored by the Sandia Base Women's Club.

Men, women and children's clothes will be shown from these Albuquerque firms: Stromberg's Nob Hill, Bartley's, and Young Ages.

The show will open at 8 p.m. at the Officers' Club and tickets went on sale at the club Sept. 14. Members of the Women's Club will also sell tickets for the event. Patrons are advised that the ticket does not include the reservation and that table reservations must be made in person at the club.

A floor show midway of the fashion parade will highlight the evening. It will be directed by Capt. J. W. Stansbury. Dancing will follow the fashion parade.

SPEAKING OF REPORTERS

Technical Writer Max Weber, 5132, has been a SANDIA BULLETIN reporter since its inception, and he's now in his fifth year with Sandia Corporation.

Max, who has a BA degree from New York University and an MS from Montclair State Teachers College, New Jersey, started his "journalistic" adventures at an early age. He was a frequent contributor to

the Boys' Club page of the Evening News in Newark, N.J., and continued with reportorial stints on his high school and college publications.

Max enjoys his work for the Bulletin because "it gives me a good opportunity to meet the people in my department informally." He says he "keeps after them" when there's a newsworthy item to report and that his co-workers are very cooperative.

Max is a past president of the Sandia Toastmasters Club and currently serving as vice-president of the Sandia Parent Teachers Association. He is a member of the Institute of Radio Engineers and active in religious work.

The Webers live on Sandia Base with their children, a son, 8, and an infant daughter.

TWO LOVELY LADIES discuss their forthcoming participation in the "Around the Clock" Fashion Show scheduled for October 3 at the Sandia Base Officers' Club and sponsored by the Woman's Club. Seated is Mrs. L. W. Schulz and standing is Winifred Davis, daughter of Adm. and Mrs. W. V. Davis. Both will model costumes for the autumn event.

Modern Swiss Family Robinson Makes Canadian Island Its Summer Home

If Everett Cox gets a letter from a friend asking to borrow his island, he isn't surprised.

The Coxes have had the patent (deed) to a lovely Canadian island for 18 years and it has been the headquarters for many a restful vacation.

The Sandia scientist, manager of the Weapons Effects Department, 5110, first became interested in owning an island when he was teaching at Colgate University and a fellow professor invited him and Mrs. Cox to visit an island retreat in Ontario. The island was located in Sharbot Lake and the Coxes fell in love with the region.

Went Island Shopping

They proceeded to do some island shopping for themselves. They obtained the patent to a neighboring island in the same lake and within two years had established their cottage, a requirement similar to our homesteading laws.

Now there is never a problem as to where the Cox family will spend their vacations. The couple and their two youngsters, Nancy, 9, and Billy, 12, enjoy the "remote convenience" of their four-acre island. It's only a short jaunt by motor boat to the little community of

Sharbot Lake where they receive mail and purchase supplies and where medical aid is available if needed.

Enjoy Long Evenings

Just think of a peaceful wooded island, set in a lake full of pike, black bass and salmon trout. The water is exceedingly fresh, and there's swimming off the portable dock in front of the cottage. Twilight is long—sometimes 'til 10 in the evening. There are no telephones, no traffic, no pressure of city living.

There's one big hitch to it, though. It's located 1800 miles from Albuquerque. "Not exactly a place we can commute to for a weekend."

*Just why must she be the 'most popular girl in town'?

MORE

Around the Departments

Her friends in 2100 wish a speedy recovery for Dorothy Blair who underwent surgery recently in Presbyterian Hospital.

"Mac" MacDonald, 2121-2, spent his vacation in Colorado, Wyoming and Utah.

When Jim Grier, 1922-2, took his recent vacation he enjoyed a brief trip to the Red Mountains, then spent the rest of his time "taking it easy" around home.

Reading up on all the literature she can find concerning Japan is 1923's Betz White, who has been notified that she can soon join her husband in Yokohama.

Labor Day weekend travelers included these folks from 2223: Owen L. Buck, his sister, Phyllis J. Harris, 2232, and family journeyed to Clinton, Okla., to visit relatives; Fred Koehl and family went to Carlsbad Caverns and Mexico; and Ray Gonzales visited his parents in Las Vegas, N. M.

Bill Boyes, 5131, spent his vacation working on the new home he is building at Cedar Crest in the Sandia Mountains; Jerry Johnson, 5133, has moved into his new residence on Sandia Base—3174 41st Place. John Cooper, 5132, a professor at Ohio State University when he isn't employed summers by the Corporation, was off to see a bit of the west last weekend with visits to Mesa Verde and Durango, Colo.

Entertaining relatives from Michigan and Chicago recently were Murial Neuberger, 4222, and her husband, John, 2124-3. The Neuberger's reside in Sandia Park.

After serving many months in Korea, Jane Reese's husband returned to the States only to meet with an automobile accident here. He's been hospitalized for two weeks and tells Jane, who works in 3153, he thinks the army is safer!

Howard C. Carmody, 2223, has returned from a vacation with relatives in Kansas, and Frank L. Leyba, 2223, spent his time off working on his adobe-type home in Santa Fe. Frank also took a brief jaunt to Mexico.

RESERVE ACTIVITIES of several Sandians have been with the 336th Signal Support Battalion—an Albuquerque based Army unit. Above, three men ponder problems of the unit at a recent training session. L to R: Sgt. Dave Cook, 1932, unit supply sergeant; Capt. Al Trammel, 5211, executive officer; Capt. Richard A. Miller, 2543, plans and training.

Touch Football Team Wins 6-0; To Play Tonight

Sandia Employees touch football team posted its second win of the season last week when it stopped the strong Hq. Students Squadron 6-0 in a Military touch football league game.

Quarterback Frank Duggin accounted for the lone score as he passed to Roland Kurth in the end zone from the 10 yard line after a long sustained drive in the first period. The Sandia Employees team threatened to score several other times during the contest but the offense bogged down inside the opponent's 20 yard line.

The strong defensive squad, however, prevented the Hq. Students from gaining one first down in the game.

Tonight the Sandia Employees meet the 550th Avn. Sq. at 8:30. On Oct. 1 they play the 14th AFDS and on Oct. 5, the 8452nd AAU.

All games are played on the new football field directly west of the Sandia Base baseball diamond. No admission is charged for the games.

Weddings and Engagements

Announcement was made last week of the engagement of Glenda Geisenhener, 2362-2, to Richard L. Blair of Topeka, Kansas, who is stationed with the Air Force at Sandia Base. Glenda, who joined Sandia Corporation 10 months ago, and Richard plan to wed in early spring.

Miss Geisenhener

Miss Chavez

Priscilla Chavez and A3/c John T. Sanchez are planning a December wedding at Sacred Heart Church, Albuquerque. Priscilla, who has been with the Corporation over a year, is assigned to 4222 (1512). Her fiancé, a native of Albuquerque, is stationed at Biloxi, Miss.

The marriage of Betty Rivers, 2224, and H. L. Thurmond, was an event of Sept. 29 in Albuquerque. Betty, the daughter of Mr. and Mrs. N. F. Rivers, Santa Fe, and her husband, a student at the University of New Mexico, are now at home at 210 Sycamore St. NE following their honeymoon trip to El Paso.

Special Training to Be Given Girl Scout And Brownie Leaders

A leadership training course for women heading Girl Scout and Brownie troops has been announced by the Greater Albuquerque Scout Association.

Open to all new leaders, co-leaders and troop committee members, the sessions will be given at the YWCA, 316 Fourth St. SW, from 1:15 to 3:15 p.m. for four weeks, Mondays and Wednesdays, beginning Sept. 28. A similar course will be given at the Congregational Church, Lomas Blvd. and Girard, from 7:30 to 9:30 p.m., for four weeks, Tuesdays and Thursdays, starting Sept. 29.

Leaders are urgently needed for this community work on Sandia Base. All mothers interested in taking the course, or those who have had previous training, are asked to contact Mrs. W. R. Dickson, ext. 25187, 1216-B 12th Loop.

Sandians Elected To Posts on IRE Executive Group

The Institute of Radio Engineers recently elected a number of Sandians to positions on the Albuquerque-Los Alamos Section's executive committee.

Among those named to the committee were:

Corporation President James W. McRae, IRE president and Section ex-officio; Tom Banks, 5423, vice-chairman and professional group coordinator; Dick Moore, 5412, secretary; Ken Urquhart, 5331, treasurer; Ed Miller, 6010, Joint Technical Council representative; Ted Church, 5410-A, regional committee representative.

Glenn Fowler, 5200, membership committee chairman; George Oltman, Jr., 5412, historian and publicity committee chairman; Joel Simmons, 5413, "Blast" committee chairman; Bennet Basore, 5411, PGIT chairman; and Al Garblich, 1321, PGA chairman.

Electric Co-ops to Be Subject of AIEE Speaker Tuesday

"Electric Cooperatives in New Mexico" will be the subject of a talk at a meeting of the American Institute of Electrical Engineers on Tuesday.

Norton Davis, general manager of the Plains Electric Generation and Transmission Cooperative, Inc., will discuss aspects of plant operation, generation, transmission and distribution of electricity through cooperatives.

The speaker and several of his associates will answer questions following the talk. The meeting is to be held in Room 2 of the University of New Mexico's mechanical engineering building at 7:30 p.m.

Army Commends Sandia Corporation For Reserve Program Cooperation

Sandia Corporation has been officially commended by the commanding general of the Fourth Army for its cooperation in releasing employee reservists for performance of military training duty.

Several hundred employees are af-

iliated with reserve units of the armed forces, and in most cases such employees are required to participate in periodic training activities.

The full text of the Certificate of Appreciation signed by Lt. Gen. John E. Dahlquist, is reproduced here.

HEADQUARTERS, FOURTH ARMY FORT SAM HOUSTON, TEXAS

This Certificate of Appreciation Is Awarded to

**Sandia Corporation
Albuquerque, New Mexico**

IN RECOGNITION OF FAITHFUL AND COOPERATIVE SPIRIT IN THE
RELEASE OF EMPLOYEES FOR PERFORMANCE OF MILITARY DUTY.

Many of our citizens, veterans and non-veterans alike, are members of the reserve components of the Army of the United States. They assume certain obligations to participate in summer field training and other tours of active duty for training, which require their absence from civilian occupations for brief periods.

It is gratifying to note that your firm is wholeheartedly supporting this reserve program of our Armed Forces, and authorizing military leaves of absence for its employees so that they can participate in such training.

On behalf of the Department of the Army, may I tender this token of appreciation for the splendid contribution that is being made by your firm to the defense of our country. Your continued support will assist materially in strengthening the reserve components of the Army and thus help to promote our national security.

THIS 30th DAY OF July 1953

John E. Dahlquist
Lt. General, USA, COMMANDING

White Sox Win Top Honors in 1953 Softball Tourney; Indians Second

The White Sox, tied for third place in the final "A" League standings, handed the Braves their first defeat of the 1953 season 15-6 and edged out the second place Indians 5-2 to win the Sandia Employees Softball Tournament championship last week.

A 15-hit attack including home runs by Tex Arterburn, W. Rappleya, and Leo White was the punch needed by the White Sox to upset the favored Braves in the semi-finals of the tourney. Cliff Taylor's four bagger plus a half dozen Indian errors did the trick for Jim Schlahta's White Sox in the series finale.

The post-season tournament formally ended the 1953 softball season for the 14 teams in the two Sandia Employee leagues.

Complete results of the tourney are: First Round—Athletics 7, Dodgers 4; Red Sox 6, Yankees 0; White Sox 25, Redlegs 2; Cardinals 18, Phillies 8; Indians 14, Senators 10; Browns 15, Pirates 5. The Braves and Cubs drew byes the first round.

Quarter-finals—Braves 10, Athletics 0; White Sox 7, Red Sox 2; Cardinals 15, Cubs 3; and Indians 14, Browns 3.

Semi-finals—White Sox 15, Braves 6; and Indians 3, Cardinals 2.

Finals—White Sox 5, Indians 2.

CORONADO CLUB BRIDGE RESULTS

The Sept. 13 tournament at the Coronado Club was won by George Arnot, 5414. J. M. Mesnard, 5212-2, placed second, and Mrs. Bette Lee Vick tied W. B. Howerton, 5251, for third place.

Results of the Sept. 10 duplicate bridge:

1st—Mrs. E. H. Kerl, Mrs. Hazel Schreck

2nd—Mr. and Mrs. H. E. Martin tied George Arnot, P. Clement

4th—Mr. and Mrs. A. McKeever

5th—Mrs. F. J. Maloney, Mrs. T. Strome

Coronado Club Men's Bowling Season Opens

Action in all four of the Coronado Club men's bowling leagues got underway the week of Sept. 14. The leagues will bowl each week until the week of April 19, with the exception of one week in February when the second annual handicap tournament will be held.

Officers of the leagues are: Jungle League—C. W. Campbell, 1900, president; Lyle Hake, 5341, vice-president; R. W. Heuer, AEC, secretary-treasurer. All States League—Donald J. Jenkins, 3154, president; Walter Haskell, 5143, vice-president; Charles J. Kaspar, 3153, secretary-treasurer.

Major League—Thomas E. Dadian, 2121, president; Walter Perkowski, 2124, vice-president; Erwin J. Smith, 2121, secretary-treasurer. Indian League—Clyde Northrup, 5224, president; Fred Comstock, 4133, vice-president; LeRoy Hunefeld, 2442, secretary-treasurer.

Women Bowlers Ready For Coming Season

Committee members for activities of the Women's Jewelette Bowling League were announced this week.

Rose Hainlen will be chairman of the prize committee, assisted by Marian Muchowski and Virgie Pace. Auditors will include Mary Schwartz and Clare Dreesen.

Emma Pretti, vice-president of the league, heads up the entertainment committee along with Evelyn Wallace, Petie Fink and Julia MacNeill.

Lois Sherwood, sergeant-at-arms for the league, is in charge of subscriptions for bowling publications. Scheduling will be handled by Julia Vensel, league secretary, assisted by Evelyn Ricard and Irma Fauerbach.

The Jewelette League bowls Tuesday nights at the Coronado Club.

Promotions

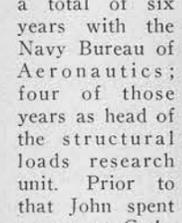

WILLIAM R. HOAGLAND to section supervisor, 1331-2. Bill joined us in 1950 after a year with

the Montgomery Elevator Co., Moline, Ill., first as a sales and construction agent then as a control equipment designer. Previously Bill attended the University of

Colorado where he graduated with a B.S. degree in electrical engineering. Before enrolling at the University he served for three years in the U.S. Navy.

JOHN P. WAMSER to division supervisor, 1271. John came to the Laboratory last February following

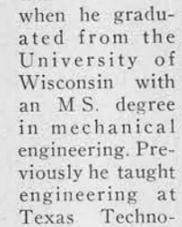

a total of six years with the Navy Bureau of Aeronautics; four of those years as head of the structural loads research unit. Prior to that John spent a year at Catholic University simultaneously studying and teaching aeronautical engineering. A veteran of two years in the Navy, John also has a Bachelor of Aeronautical Engineering degree from the University of Detroit.

JAMES R. HOLPP to section supervisor, 1545-4. Jim started with the Corporation last September. He

has both B. S. and M.S. degrees in biology from West Kentucky State College plus eight years experience as a high school physical education instructor. He worked a total of six years for the Elkton, Ky., Board of Education; a year at Elizabethtown, Ky.; and a year at Rineyville, Ky. Jim is also a veteran of three years service in the Navy.

ROBERT E. MARTIN to section supervisor, 1312-1. Bob has been with the Laboratory since 1952,

when he graduated from the University of Wisconsin with an M.S. degree in mechanical engineering. Previously he taught engineering at Texas Technological College for two years after receiving his B.S. there in 1949. Bob served for three years in the Air Corps and prior to enlisting, he worked as a machinist for the Advance Co., Richmond, Ind., for three years.

Congratulations

BORN TO:

Mr. and Mrs. Dave Hill, 2221-2, a daughter, Laurie Ann, Sept. 6.

Mr. and Mrs. Thomas P. Halloran, 3125-1, a daughter, Mary Margaret, Sept. 10.

Mr. and Mrs. Ernest Lovato, 2231, a daughter, Priscilla Ann, Sept. 8.

Mr. and Mrs. Kenneth Smith, 2231, a son, Ronald Joseph, Sept. 9.

Mr. and Mrs. Walter Perkowski, 2551, a daughter, Judith Kim, Sept. 13.

Mr. and Mrs. N. C. Bolinger, 5231, a son, Mark, August 10.

Mr. and Mrs. Warren Buck, 2234, a daughter, Catherine Lynn, Sept. 9.

Mr. and Mrs. Lou Gurule, 2462-3, a daughter, Veronica Antoinette, Aug. 31.

Mr. and Mrs. Thomas B. Heaphy, a son, James Herbert, August 22.

Toastmasters Elect . . .

Twice a year Sandia Toastmasters select their officers — the energy expended is considerable

Sandia Toastmasters Club No. 765 is one of the oldest organizations on the Base and at the same time one of the most active. Started here in October, 1949, the group has been meeting once a week the year 'round ever since. The club is limited to 30 members. They have never fallen below that number and in fact have always had an overflow of associate members.

The Toastmaster movement has swept the country ever since its inception 20 years ago. Its fascination, any Toastmaster will tell you, lies in the fact that it combines education, good fellowship, and mutual interest in accomplishment with a liberal amount of just plain fun!

One of the most interesting actions of a Toastmaster's club is the annual election of officers. Unregimented,

uninhibited and uniquely American, the activities which precede the balloting give a good example of a democratic action.

Several weeks before Sandia Toastmasters met to name their officers, the activity started—and the BULLETIN'S camera recorded the train of events which led to the strenuous night of decision.

NOMINEES are selected by a committee of members named by the president.

FAVORITES are helped with vigorous campaigning, door-step pleas, evening telephone calls, and noon-time caucuses in the Coronado Club.

THERE ARE no "smoke-filled rooms," but campaigning takes a vigorous form.

Ed Roth

Frank Gagliardi

Nate Wineberg

ELECTION NIGHT Sandia Toastmasters Club members pause before their dinner. Then, carefully laid plans go into action. The nominating committee's selections are placed before the members. Other nominations

take place. Nominating oratory thunders. Fluent seconding speeches are heard. After the talents, abilities and other qualifications of the candidates are heard, the balloting proceeds. "The people's choice" is named.

Don Jenkins

FOUND—

SEVERAL WALLETS and watches have been recovered by the 46th Military Police CID detachment. Call Capt. French, ext. 20223.

45 Years Experience Goes Into Keeping Grass Beautiful

When it comes to maintaining a beautiful lawn and caring for lush green shrubs in the Southwest, Andres Jaramillo, 2423, knows the answers.

For more than 45 years he has planted, tended and conditioned much of Albuquerque's greenery. Andres' father was also a gardener and when the Sandian was 15 years of age he helped his father plant many of the pine trees on the campus of the University of New Mexico.

The grounds surrounding Presbyterian Sanatorium were planted 38 years ago by Andres, and he later worked in most of the city's parks and on the grounds of most of its hospitals.

Now Andres' pride and joy is the attractive landscaping fronting Sandia Corporation's administration building.

"Fresh seed, the right kind of watering—especially at the very first," is Andres' recipe for starting a new lawn. "After that, it's plenty of water, proper cutting and fertilizer now and then."

Evidently Andres knows what he's talking about for the Sandia grounds are a pleasant and refreshing spot of green on the mesa.

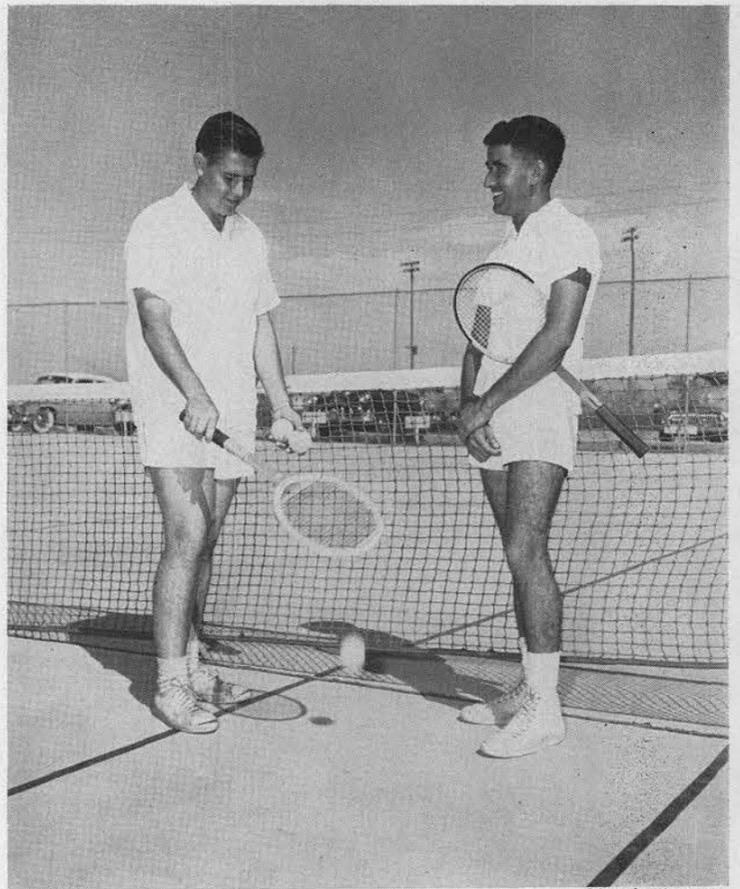

Photo by Duniap

CHAMP AND RUNNER-UP: Don Lawson, left, and Charley Chavez, the champ, after their match.

Bidwell, Wallace Win Doubles Tournament

Youth gave way to experience in the Sandia Employees doubles tennis tournament as Charley Bidwell and Hup Wallis teamed up to defeat Charlie Chavez, singles winner, and Willie Padilla in the finals 8-6, 2-6 and 6-2. The doubles tourney was held last Saturday, Sept. 19.

Bidwell and Wallis previously had taken first place wins in the New Mexico State tennis tournament over the Labor Day weekend. Bidwell and his partner, Nat Glassman, won the Veterans' doubles (age 45 and over) while Hup Wallis and his brother, Malcolm, won the Junior Veterans' doubles (age 32 and over).

Six teams in all were entered in the Sandia doubles event. In the first round Bidwell and Wallis defeated Don Lawson and Carol Keith 6-1, 6-2, and Chavez and Padilla defeated Harold Cushman and John Souza 6-1, 6-0. Ed Harley and Gaylor Atkinson, and Art Everett and Keevin Moriarty drew first round byes.

In the semi-finals, Bidwell and Wallis defeated Everitt and Moriarty 6-3, 6-3, and Chavez and Padilla defeated Harley and Atkinson 6-1, 6-1.

Ladies Compete With S. P. E. B. S. Q. S. A.

A "Sweet Adeline" club has been formed in Albuquerque and it is to the ladies what barbershop harmony is to the male singer.

Vocalists who are interested in joining the group may obtain information from Crystal Brooks, 4135, Alb. 3-8764 after 5 p.m.

Charlie Chavez Singles Tourney Champion for 1953

Charlie Chavez swept to easy victory in the first annual Sandia Employees singles tennis tournament on Sept. 12 and 13, defeating Orin Weller, Chuck McKeever and Don Lawson without the loss of a single set.

Chavez has been in first place on the Sandia Employees tennis ladder for the past two months.

Exciting Match

One of the most exciting matches in the tournament took place in the first round between Chuck McKeever and Carol Keith, the only girl entry. McKeever had to come from behind to take the first set 10-8, then dropped the second one 1-6 and finally defeated Carol in the third set 6-3.

Results of the other first round matches were: Orin Weller defeated Bob Betz 2-6, 6-3 and 6-1, and Dave Nutt won over Walt Maupin by default. Charley Chavez, Harold Cushman, Willie Padilla, Ed Harley and Don Lawson drew first round byes.

Chavez Wins

In the quarter-finals Chavez defeated Weller 6-1, 6-0; McKeever defeated Cushman 6-2, 4-6, 6-0; Padilla defeated Harley 6-2, 6-1, and Lawson defeated Nutt 6-1, 6-3.

In the semi-finals Chavez defeated McKeever 6-0, 6-2 and Lawson defeated Padilla 7-9, 6-0, 6-3. Charley Chavez took the finals from Don Lawson 6-3 and 6-1 to win the championship.

Photo by Hodges

ANDRES M. JARAMILLO, 2423, can drive almost anywhere in Albuquerque and enjoy his lawns and trees. Forty-five years in the gardening trade, he's the man responsible for the attractive grounds fronting the Administration Building.
