published every other Friday for the employees of sandia corporation, contractor to the atomic energy commission

Vol. VI, No. 19

ALBUQUERQUE, NEW MEXICO

SEPTEMBER 10, 1954

## Dr. Louis Gerber Joins Corporation Medical Staff

Dr. Louis S. Gerber of Albuquerque joined the medical staff of Sandia Corporation, Sept. 1. Dr. Gerber, an Albuquerque resident since 1950, has been with the Student Health Service at the University of New Mexico for the past four years.

A native of Minnesota, Dr. Gerber graduated from University of Minne-

Dr. Louis S. Gerber  
—new Corporation doctor—

sota College of Medicine in 1939. He practiced until December, 1941, in Stanley, N. Dak., and then entered the service. He served as medical officer until May, 1946, seeing duty in Alaska and United States.

From June, 1946, until June, 1950, he practiced in Lakota, N. Dak. He became Assistant Director of the University Student Health Services in Albuquerque in 1950 and since then has been with the University and has also been engaged in private practice in Albuquerque.

Dr. Gerber's home is at 7721 Apache Ave. NE, in Hoffmantown. He and Mrs. Gerber have two children, Michele, 11, and David, 9.

## H. V. Catt Named Club Treasurer

The election of Harold V. Catt, 4311, as new director and his appointment as treasurer of the Coronado Club has been announced by the Board of Directors.

He succeeds Al Spengeman, who is being transferred to the Western Electric shops in Lincoln, Nebraska.

Harold has been an active member of the Club since February, 1951, soon after he came with Sandia Corporation.

## ★ "It's Your Chest—Swell It!"

Bob Garcia, 3154, is first-prize winner in the contest for a slogan to spark the 1954 Sandia Corporation employees' Community Chest Drive. Bob's entry was one of several hundred which were submitted for consideration. Members of the Community Chest committee made the selection.

First prize is a silver cream and sugar service. Second prize, won by Davis Smith, 1921-2, is a fitted traveling case and third prize, won by Katherine McCarthy, 2464-1, is a table lighter.

The prizes were donated by the Coronado Club.

## Gen. Coiner Assigned To Washington Post

Brig. Gen. Richard T. Coiner has been reassigned to Washington, D. C., where he will be Assistant Chief of Staff, Operations for Atomic En-

Brig. Gen. Coiner  
—to Washington, D. C.—

ergy. Gen. Coiner has been Deputy Commander and Director of Operation, Field Command Headquarters, AFSWP, on Sandia Base since September, 1952.

The appointment is effective Oct. 20 and Gen. Coiner will be succeeded by Col. Paul T. Preuss, who has been Director of Weapons Effects Testing, AFSWP.

Colonel Preuss has served with a number of Nevada and Pacific test organizations.

# New Hospitalization-Surgical Insurance Effective Nov. 1

A new hospitalization-surgical insurance plan will be made available to Sandia Corporation employees next week.

The program is offered by Equitable Life Assurance Society and will provide:

- Hospital expense insurance
- Surgical reimbursement insurance
- Medical expense benefits
- Polio reimbursement benefits.

The insurance will be available to Sandia Corporation employees at special rates. The cost will be \$2.16 for individual employees and \$7.77 for an employee and dependents. Benefits of the policy are included in the box story accompanying this article.

A committee, consisting of nine members representing General Organizations, was appointed to prepare the best possible plan for a group like ours. Included on this committee were R. B. Powell, 3100, Chairman; James W. Jones, 1314; Charles W. Campbell, 1900; Robert Findlay, 2230; David S. Tarbox, 2350; John Hess, 4151; C. W. Dickinson, 4230; Robert D. Statler, 5251; Arthur J. Roth, 5424, and E. W. Peirce, 3120, Secretary. This committee made an exhaustive study of coverage offered in a number of existing plans, selected the best features, added a few of their own, and then called for quotations on that "model" plan.

Several representatives from the Equitable Life Assurance Society will be at Sandia Corporation for several days starting Monday, Sept. 13, to explain the insurance plan to employees in scheduled meetings. In addition, a booklet containing all details of the plan

## New Division Formed In M.E. Organization

A newly-organized Management Division Group of the New Mexico Section of the American Society for Mechanical Engineers will meet the first Wednesday of each month, beginning October 6, and thereafter, it was announced today.

Management practices will be discussed, and an attempt will be made to learn management problems from an engineering standpoint.

Classes will be held in the Mechanical Engineering building on the University of New Mexico campus at 7:30 p.m.

## Equitable Life Assurance Society Hospitalization-Surgical Plan for Sandia Corporation Employees

### WHAT IT COSTS:

|                         |                  |
|-------------------------|------------------|
| Individual employee     | \$2.16 per month |
| Employee and dependents | 7.77 per month   |

### WHAT YOU GET:

- Daily hospital charges for room and board: \$8 up to a maximum of 180 days per hospital confinement.
- Other hospital charges during the 180 day period: \$160, plus 75 per cent of charges in excess of \$160 with no dollar limitation.
- Surgical benefits: In accordance with the schedule of operations up to \$250. Complete schedule of operations is included in the booklet to be distributed to employees.
- Doctor's calls in hospital: Up to the smaller of: (1) \$540 or (2) \$3 times the number of days confined in a legally constituted hospital.
- Poliomyelitis benefits: \$5,000
- Special ambulance benefit: \$15
- Maternity benefits: Hospital—\$80 Surgical—In accordance with schedule of obstetrical procedures.

will be distributed to each employee Monday, Sept. 13.

The new insurance plan is scheduled to become effective Nov. 1, 1954. The first enrollment period will begin Monday, Sept. 13, and will end Monday, Oct. 31, and will be for insurance which becomes effective Nov. 1. Those who do not sign up in the initial enrollment period will not be able to join the plan until June, 1955.

New employees of Sandia Corporation are eligible to buy the insurance if they make application within 31 days after their date of hire.

The details of the program are discussed in this issue of the SANDIA LAB NEWS by Frank Gibney of the Equitable Life Assurance Society office in Albuquerque.

Sandia Corporation employees may get further information from the booklet or from their supervisors.

## ★ Red Feather Drive Has Own Office

Want to transact Community Chest business?

Sandia Corporation Employee Red Feather drive now has an office and a telephone.

The office: Room 108, Bldg. 802.

The telephone: ext. 5-2151.

Tom Hanna, chest coordinator for the employee drive, may be reached at this number.

## Jack Abbot Heads Local Chapter of ASM for Next Year

Recently elected chairman of the Albuquerque chapter of the American Society for Metals was Jack Abbott of 1622.

Keith Mead, 1621, was chosen vice-chairman; Morris Karnowsky, 1612, secretary, and Art Porter, 2112, treasurer.

The Society meets the fourth Thursday of each month in Room 2, Mechanical Engineering building, on the University of New Mexico campus.

# Equitable Official Answers Questions About New Insurance Protection . . .

Mr. Frank Gibney, Assistant Group Manager of the Equitable Life Assurance Society of the United States, answers a series of questions about Sandia Corporation employee Hospitalization-Surgical Insurance Plan.

In addition to these questions put to Group Insurance Expert Gibney by the SANDIA LAB NEWS, Corporation employees will have an opportunity to ask their own questions when he heads a team of Equitable men in a series of meetings at Sandia next week.

**Q. What is meant by a group hospitalization-surgical plan?**

A. It is an insurance policy which provides, at reduced group rates, protection for the policyholder and his

dependents when hospital, surgical or doctor's charges are incurred.

**Q. What company is behind our new plan?**

A. Equitable Life Assurance Society of the United States.

**Q. Tell me about the Equitable Life Assurance Society.**

A. Equitable originated group insurance in 1911 and today is the second largest group writing company in the world. The company has assets in excess of 7 billion dollars and will be 100 years old in 1959.

**Q. What protection will I get from our new plan?**

A. Your insurance will cover a large portion of charges due to sick-

ness or injury—such as hospital, surgical, polio and doctor's calls while at the hospital. Complete details are found in the booklet which will be distributed to all Sandia Corporation employees.

**Q. When will I be able to get this protection?**

A. If you subscribe during the enrollment period between Sept. 13 and Oct. 31, your insurance will become effective Nov. 1, 1954.

**Q. How much will it cost me?**

A. The individual rate is \$2.16 per month and the employee who includes himself and eligible dependents will pay \$7.77 per month.

**Q. What if I have paid for other such insurance in advance?**

A. In such case, arrangements can be made to subscribe during the initial enrollment period but defer the effective date of your participation in the Equitable group program so as to give you a continuity of coverage. The Equitable insurance and payment of premiums will become effective at the postponed date.

**Q. How does the Equitable group insurance plan compare in cost with an individual policy with like benefits?**

A. Group insurance is lower in cost than individual insurance. This policy would cost considerably more and you would have to prove insur-

ability if you were buying it individually.

**Q. Why are our group rates lower?**

A. This is due to the effect of the group purchasing power of Sandia Corporation employees. You have the advantage of a wholesale purchase through lowering of the unit cost by buying in large quantities.

**Q. What will I have to do if I have a claim?**

A. The Equitable Representative located with the Employee Services Department will have a supply of printed forms and will assist you in filling them out. When the hospital or doctor completes the form, it

## A New Record—It's the Worst!

Traffic deaths in 1953 totaled 38,500. Injured in automobile accidents the same period were 2,140,000. A new record!

Take all Sandia Corporation employees, kill them in auto accidents which also kill six members of their families. That leaves about 700 more people to die, so include some 200 families who live in your neighborhood. That gives you an idea of how many died.

Injure every resident of New Mexico in auto accidents three times—you just about get the 1953 injured total.

Excess speed killed 13,870 people in 1953. And the 1954 cars have more horsepower than ever before. Drivers under 25 were involved in 25 per cent of the year's fatal accidents although they constitute only 15 per cent of the total of all drivers.

Weekends took their toll. Forty-one per cent of the deaths and 36 per cent of the injuries occurred on Saturdays and Sundays last year.

Three out of four 1953 automobile accidents involving deaths happened to passenger cars in clear weather on dry roads.

Eighty per cent of the vehicles involved in fatal accidents were traveling straight ahead.

These statistics come from the Travelers Insurance Company publication "The Passing Scene."

Grim reading they are.

The engagement of Eleanor Romero of Albuquerque to Ben Lucero, 1621-3, has been announced. The couple will be married Oct. 23 in St. Therese's Church.

Vacations in 1643: Jim McIntyre is in West Virginia; Harry MacNeill has just returned from Southern Colorado; Willard Neese spent his vacation remodeling an old, adobe home; Robert L. Sabo has returned from Detroit, and Bob Mueller moved into his new home at 2528 Vermont NE.

In 1641 Roger Anderson is back from a vacation which included a visit to Mesa Verde and playing host to guests at home. Bob Hines, also 1641, took in the Northwest for his vacation.

Bessie Passmore, 1644, is vacationing at home entertaining her son who is visiting her.

Off to Ohio was 1325's Joe Boyd and two sons, Jack and David. They visited friends and are now back in Albuquerque. Vacations in 1320 included J. P. and Mrs. Cody who are now back from Denver, and Lois Merriam and husband, S. A. Merriam, 4133.

## ★ Triplets, Then Twins, Maybe Quads Are Next?

Some family men in 1325 are apprehensive these days since Al Coppola's happy announcement that he and his wife were blessed with twin girls born last week.

Personnel in 1325 remember that fellow employee Bob Middleworth became the father of triplets some time ago. Now office prognosticators are casting about for the next happy father. Quadruplets?

ALL SMILES to show off for his grandparents who were visiting from California was Tommy McKinney, 8 months, son of Bill, 1342, and Mary Nell McKinney, 5522. The young one is named after his grandfather.

Employees of 3124, and their wives, were guests of M. T. Muzzey at a patio supper-party at his home on Ridgecrest Drive recently.

Back from a vacation in the western parts of Nebraska and South Dakota is R. T. Bennett, 2414-1.

Audrey Wilson, 2410, was hostess at a luncheon for women in 2410 and 2472. No one's birthday, Audrey says, just a chance to get away from sandwiches.

George Lemmon, 1284, took his week of vacation to work on his thesis for a master's degree in mechanical engineering at the University of New Mexico.

Dulin Westfall, 2111-3, and family spent their vacation on the west coast as well as stopping at places of interest between here and there.

Earl, 2111-4, and Joyce, 2112-3, Coffey and family spent their vacation visiting friends and relatives in Long Beach, Los Angeles and San Diego.

Arthur Roth, 5424, and his wife and their four daughters spent an exciting vacation in Colorado at the "Ah, Wilderness" Ranch. Art reports the food fabulous, the fishing terrific, and the scenery wonderful.

Albino Joe Lesperance, 2415, and LaRose Walker were married in Oakland, California, August 7. They are now making their home at 1205 Gabaldon Rd. NW.

Gerry Hahn, 2410, and her family enjoyed a pleasant vacation visiting in the western states. On the schedule were Salt Lake City, Reno, Sacramento, San Francisco, Sequoia National Park and Los Angeles. While in "L.A." they attended one of Art Linkletter's TV shows.

Lloyd D. Chapman, 2414, is sporting a new Buick Riviera—the color is Polo Gold with a cream-colored top.

Francis C. Scott, 2412, and his wife, Velma, celebrated their 30th wedding anniversary August 24. Velma's surprise gift to her husband was two colorful parakeets.

J. L. Rowe, 2410, was welcomed back to the Laboratory recently after spending some time at Salton Sea "subbing" for Ted A. Sprink, 2480, who was enjoying a vacation.

The "Skeets" Bentzen family have returned from an extended tour of the United States, camping out en route at national parks in the west and northwest, and topping off their holiday with a visit to their former home at Asbury Park, N. J. Skeets works in 5524.

LeRoy Hassebroek and H. F. McGriff, both 5542, and their wives were hosts for a division party recently honoring A. W. Railey, H. A. Walters, Parker Wallace, and C. F. LeFever.

Vacations in 5213: Kermit Nixon and family vacationed in Texas and Ivan LeValley and his wife went down into Mexico. New cars in 5213 are owned by Ivan LeValley, Donald Grebe and R. L. Culley.

The Highlanders Bowling team in Albuquerque has an all-Sandia Corporation employee membership. Myna Shinn, Rhoda Kutcher, Gwen Warnick, Jean Ryan, all from 5222-3, and Fay Taylor, 4222 (5251) are members.

John Blair, 5251, vacationed in the Lone Star state. "Where else," he says. C. D. "Blackie" Blackwell 2332, went out to Las Vegas for his vacation. When he came back he took a few days to have a new fireplace installed in his home.

Vacations in 2332 included Guy Pearson's fishing trip to Colorado. John Frizzel took his vacation time to swap houses and now lives at 522 Richmond SE.

Peggy Poulsen, 2614, returned from a two weeks vacation at Carlsbad Caverns, El Paso, and Silver City.

C. T. Anderson, 2611, and his family camped out for two weeks, touring Yellowstone, Salt Lake City, Bryce Canyon, and Zion National Monument.

LaVern J. Wehby of 2611-1 is spending a week's vacation with relatives at Longmont, Colorado.

Paul Pewe, 2613, and his family are vacationing in Cedar Falls, Ia., and Rock Island, Ill.

J. L. Cordaro, 2611-1, and family recently moved into a new home at 1112 Dakota Street SE.

## around the departments

THRIFT SHOP managers change. Mrs. Elaine Eich, wife of N. J. Eich, 5312, passes on information to Mrs. Delight Schoumann, wife of Lt. Col. H. C. Schoumann, Executive Officer for the New Mexico Military District of Albuquerque. Mrs. Eich has been manager of the Sandia Base Women's Club Thrift Shop for the past six months and Mrs. Schoumann has just taken over the managerial task.

Jerry Youngmeyer, 1323, and her husband, Wally, 5241, are now vacationing in California. R. H. Schultz, also 1323, is enjoying his vacation in his new home.

In 1332 vacationers include Hildgarde Reiche, who flew to Washington, D. C., and Fred Edwards, who is visiting in his home town of Durango, Colo.

Harry Pastorius, 2442, has moved into his new home at 916 Monroe NE, and devoted his vacation time to getting settled. "Winnie" DeWitt, also 2442, moved into a new home recently. It's at 3409 Cuervo NE.

Doris Beaver, 2442, chose a good rest at home for her vacation. James H. Mafit, 2443, toured the Pacific Coast for his vacation and returned through Las Vegas, "for fun."

There are vacations galore in 1280: W. A. Gorry, Mexico, California, and Colorado; Bill Gardner, a series of short trips here and there; Bob Rector at home; Margaret Deaver, Denver; Bill Mileski, hunting and fishing; Art Cole at home; Viola Gomez, Mexico for three weeks; Leon Wilson, Colorado; Bob Lacy, Mexico, and Olav Nerhus, Denver.

Co-workers of Richard Kidd in 1283 wish him a speedy recovery from surgery.

Bill Elskes, 2411, is all tired out, but he's all moved into his new home at 1952 San Pedro Dr. NE.

C. R. McAllister, 5132, is now on vacation in Colorado, Texas, or New Mexico—all are on his trip agenda. Herman Williams, 5131, and his wife and two youngsters vacationed on a ranch near Amarillo for two weeks.

Co-workers in 2231 welcome back to work Martha Newby who has been on the sick list for several weeks. A vacation in 2231 is reported for Leoma McMillan who went to the mid-west for a visit with relatives.

Recent vacationers in 2232 include Lupe Mirales, Ralph Ambrose, Juan Garcia, Milton Guest and Ben Salazar.

Archie Fisher, 2234, had a successful vacation with his son, Bill. They visited friends in Utah, then went to Yellowstone Park and took their limit of trout—one 20 inches long.

Dick Hildner, 5132, camped on his vacation, used tents. He survived two cloudbursts and a hail storm.

Other vacationers in 5131: Betty Frost is now on vacation in Colorado; John Magistad has gone to Honolulu, his old home, for several weeks.

IN A RECENT issue of the SANDIA LAB NEWS readers will recall a feature article about some of the Corporation's attractive grandmothers. Above are Sandra and Terry Knox, among the grandchildren of Zena Ivey, 5521. Their pop is 2463's Yale Knox, Corporation artist.

# Your Questions Answered...

Frank Gibney

Photo by Adler

—“Group insurance is lower in cost...”—

(Continued from Page 1)

should be returned to the Equitable Representative for final processing.

**Q. Do I get all my claim service locally?**

A. Yes. All our service, including one-day claim payment, will be handled through Equitable facilities in Albuquerque.

**Q. May I go to any hospital I choose?**

A. Yes, to any legally constituted hospital.

**Q. May I have any doctor I choose?**

A. Yes, any legally licensed physician or surgeon, but reimbursement for medical services applies normally only to visits to the hospital.

**Q. Do I have to be confined in a hospital in order to receive surgical benefits?**

A. No. Reimbursement will be made for surgical procedures regardless of where they are performed.

**Q. When may I enroll?**

A. The enrollment period will begin Sept. 16 and you sign up by completing an acceptance card which will be distributed to you along with the booklet. The period will end Monday, Oct. 31.

**Q. How do I pay?**

A. If you subscribe, your monthly premium will be deducted from your pay and turned over to Equitable by Sandia Corporation.

**Q. For how long are these rates effective?**

A. Present rates will be effective until Nov. 1, 1955, at which time they may or may not be changed, depending on the claims paid under the program for the year and on how high a percentage of employees have participated in the plan.

**Q. What if my wife has a baby shortly after the plan becomes effective? Am I covered by this new insurance?**

A. If you subscribe for this insurance effective November 1, 1954, maternity benefits will be available immediately.

**Q. How do new employees enroll?**

A. Registration for the insurance may be made when an employee signs in at the Personnel Department and the insurance will become effective on that date. If the new employee doesn't sign up within 31 days after date of employment, he will have to wait until the next enrollment period.

**Q. Do I need to take a medical examination?**

A. No. No medical examination is required for either employees or dependents.

## Promotions

THOMAS W. STROME to supervisor of Section 2533-1. Tom came to Sandia Corporation in July, 1951,

from the Boyd Engineering Co. in Albuquerque. Prior to that he had worked for General Electric, Inc., for two and a half years, being assigned to several different plants throughout the country. He served three years in the Navy during the war. Tom is a graduate of the University of New Mexico with a bachelor of science degree in electrical engineering.

JACK R. SPENCE to supervisor of Division 2341. Starting to work for Sandia Corporation in Nov., 1949, Jack was named section supervisor of the Traffic Section in 1950. Prior to his work at Sandia he had been with Navajo Freight Lines as Terminal Manager for 11 years and with the Santa Fe Railroad for about 20 years. His work for the Santa Fe was in Las Vegas and Raton, N. M.

PAUL W. CALLIES to supervisor of Division 2533. Paul was employed by Sandia Corp. after his graduation from Iowa State College where he received a bachelor of science degree in industrial engineering. Prior to his graduation from college he spent two years in the Air Force. He also worked three years with Martin Aviation Co. in experimental engineering at the Omaha plant of the company.

## Toastmasters Elect Don Jenkins As New President of Club

Don J. Jenkins, 3154, was elected president of the Sandia Toastmasters Club recently during semi-annual election of the organization. Toastmaster elections are conducted in a manner similar to national campaigns, and numerous run-off ballots were taken.

Elected vice-president was Eugene K. Gardner, 1322; secretary, Juan F. Salazar, 2533; treasurer, Robert F. McConkie, 1341, sergeant-at-arms; John P. Wakeland of Albuquerque, deputy Governor; Arthur E. Jones, 2464, and educational chairman, Edward Roth, 1643.

Don succeeds Nate Wineberg, 2553, to the presidency.

# WEEKEND Vacationer

IT'S ASPEN TIME AGAIN! Along the high mountain passes the aspen has already been touched by frost, and Sandians will venture with thousands of fellow New Mexicans to view the annual golden spectacle.

Like color? Blazing, flaming, glorious color? Here're suggestions for weekend trips or one-day trips into the high aspen country. You'll never forget the sights you see.

When Conestoga wagons rumbled past towering Wagon Mound, and through the cottonwood groves at Watrous, dusting along the Santa Fe Trail past Vegas, and Bernal, and old Pecos, the wagonmasters often ordered the scouts into the flourishing groves of aspen trees, where a halt was called, and pack saddles were repaired, wheels steamed, and the iron tires re-tempered.

Aspen wood was soft, and light, and charred easily to make charcoal for trail-side forges. Its gray-green bark was used to tan the new hides of deer they'd shot in the Sangre de Cristos, or it was chopped up and fed to sick horses.

### "Populus Tremuloides"

The aspen tree which wagon pioneers found so useful, the quaking asp or Populus Tremuloides, has the widest range of any American tree. It raises its small quivering branches in every state, and from the Yukon to Labrador, from Kentucky to Mexico. Though a small tree, it often grows to 100 feet or more, appearing first in the burnt-over areas left by forest fires.

The shaking gold of the aspen trees is spilled across the ranges for almost a month in October, until finally, winter claims the brown leaves, with new snow.

### Aspen Week

When Indian summer runs riot in the hill country, city folk—and Sandians—like to slip behind the steer-

ing wheel for one last trip before winter. At Santa Fe, the Governor declares an annual Aspen Week. And Chambers of Commerce throughout the state prepare frantically for the yearly throng of outdoor-lovers.

Closest, most accessible drive for SANDIA LAB NEWS readers is the Rim Drive trail from Albuquerque to Bernalillo, on through Placitas, San Antonito to the heart of Albuquerque's own Sandia Mountains. It's a 60-mile trip you won't forget. Usually, the ride is best taken about October 1 through 12. The Albuquerque Chamber of Commerce runs a bus through the Sandias for tourists without cars.

A second close-to-home route takes you out U. S. 66 to Tijeras, thence south on State Highway 10 to Chilili, Tajique, Manzano, Mountainair, Scholle, and back to Albuquerque on State Highway 17.

### Earlier in North

For trips from Santa Fe, where the leaves turn gold two weeks earlier, about September 15, the most popular Aspencade leads out through Hyde State Park to the Santa Fe Basin area. Off to the right, you'll see 10,000-foot Thompson Peak, livid with red, and dusty green and yellow.

There are other memorable rides: north to Taos, and the Carson National Forest, or south to Ruidoso and lofty Cloudcroft, where aspen devotees are welcomed with square dances, horseback and hayrack rides, and chuckwagon dinners.

But Sandian, don't just drive through. Pause a minute in the whispering cathedral of an aspen grove. Because here it's not too difficult to believe an ancient legend that the aspen leaves quiver because The Cross was made of its soft wood.

## Congratulations

BORN TO:

Mr. and Mrs. K. G. Foster, 2232, a daughter, Susan Kay, August 10.

Mr. and Mrs. Maxwell Tidwell, 2471, a daughter, Denise Odell, July 17.

Mr. and Mrs. George Horne, Jr., 4130, a daughter, August 14.

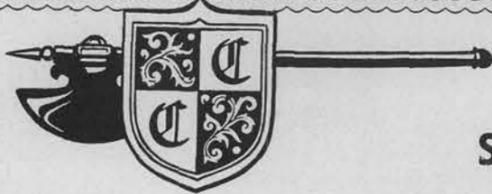

Mr. and Mrs. Harry U'Ren, 4153, a daughter, Marian Julia, August 2.

Mr. and Mrs. A. J. Coppola, 1325, twin daughters, Janet and Jeannette, August 28.

Mr. and Mrs. James Fisher, 1644, a boy, James Thompson, August 31.

Mr. and Mrs. Leo M. Jercinovic, 1940, a daughter, Lisandra, Aug. 13.

# EVENTS

## AEC Housing Area Residents May Vote in November

Residents of the AEC housing area on Sandia Base, denied the right to vote in New Mexico elections because they reside on land under exclusive federal jurisdiction, may have their voting eligibility restored in time for the general election in November.

The Atomic Energy bill signed into law recently by the President carried a provision retroceding the land occupied by the housing area to state jurisdiction. As soon as Governor Mechem accepts the action, by addressing a letter to the President to that effect, those who otherwise qualify for voting in New Mexico will be able to register. Up to now, only those who lived west of Pennsylvania could vote here. The difference in status stemmed from the manner in which the land was acquired by the AEC.

Contrary to information carried in a local paper last week, the bill does not affect residents of the Wherry housing project. Residents of the military housing area on Sandia likewise are still ineligible to vote in New Mexico.

As a convenience to Sandia Corporation and AEC personnel who will be eligible to vote, a registration booth will be set up in the area as soon as possible, according to political party officials. Registration details will be announced later. In order to vote in November, a resident must be registered at least 30 days before the election.

Nuclear scientists in Boston have developed an air-borne tracer technique capable of measuring amounts of radioactivity smaller than one part in 100 trillion. (New York Times)

RED FEATHER MEN—Planners of the 1954 Sandia Corporation employee Community Chest Drive are members of this central committee. L to R: John Cavanaugh, 6021; Leo Dunn, 1284; Kenneth Shinn, 2471;

Eugene Peirce, 3120; Charles W. Campbell, 1900; Thomas Hanna, 4232; Luther J. Heilman, 2400; and William Leverenz, 2151. Webb Shafer, 2452, a member of the committee, was not able to be present for the picture.

## Illustrated Talk on Machine Tools Planned for ASTE Dinner Meeting

The first fall meeting of the Albuquerque section of the American Society of Tool Engineers will be held September 14, at the Desert Inn at 7 p.m., with a business meeting at 8:15.

Guest speaker will be J. W. Herbert of the Jones and Lamson Machine Company. Mr. Herbert will

discuss lathe accessories, with emphasis on threading equipment and gauging devices.

A movie illustrating Mr. Herbert's talk will be shown.

Reservations may be made with Art Miller, ext. 33133, or Fred Deiber, ext. 41251, prior to September 13.

## ★ Community Chest Workers Needed For Tel-A-Neighbor

Is there someone in your household who would like to help the Community Chest campaign by making 15 telephone calls to a list of neighbors? A giant tel-a-neighbor campaign will be staged the evening of October 4, the day before the Red Feather drive opens. It's not a solicitation call, just a reminder to folks to support the Chest when a volunteer solicitor contacts them later.

If someone in your family would like to help with the telephoning, call Tom Hanna, Ext. 52151, Sandia's Red Feather Campaign coordinator, and give him the information. He will pass the information along to the Chest Headquarters and the list of names and prepared message will be delivered.

## Hobbyists - Here's Your Chance to Display Ability

A Hobby Show for all Sandia Corporation employees will be held the week of October 17, Dick Strome, Coronado Club entertainment chairman, has announced.

All types and classes of hobby exhibits are invited and will be on display in the Coronado Club. Prizes will be awarded to top displays in various classes.

Employees desiring to participate are asked to send a card or letter to Richard Strome, 2463, indicating the hobby they will enter in the show, and the size of the display. All hobby entries will be returned after display in the Club area. Additional details may be obtained from Dick at ext. 20241.

## G. I. News—

### From Sandians in The Armed Forces

Roscoe L. Champion, on military leave from 1623, is now in Norfolk, Virginia, in Air Intelligence School. He says the weather is considerably cooler than it was during his previous two months' stay in Florida. Roscoe's address is:

Air Intelligence Training Center  
NAS  
Norfolk, Virginia

## Col. Lee Crawford Assigned to Japan Air Defense Force

Col. Lee R. Crawford, on military leave from 2142, stopped into the SANDIA LAB NEWS office last week to report his change of address from Patrick Air Force Base in Florida.

Lee is enroute to Japan where he'll be assigned to the Japanese Air Defense Force. His wife and 16-year-old son, Robin, are making their home at 231 Hermosa Dr. NE until time when they can join him overseas.

## Three Sandians on Softball Squad in Regional Tourney

Three Sandia Corporation employees traveled to Phoenix over the Labor Day week-end to play in the Western Regional softball tournament sponsored by the American Softball Association. Their squad placed third in the play-offs.

H. B. "Hoot" Lambert, 3171, left field; Dick Clark, 5541, right fielder, and Harold Cushman, 2552, catcher, made the trip. Participation of the team, which took third place in the recent New Mexico All-State softball play-offs at Los Alamos, represents the third consecutive year the team has played in the ASA tourney.

Teams from New Mexico, Arizona, Utah, and Nevada competed at Phoenix.

## Engagements

Announcement was made this week of the engagement of Jo Bunting, 4222, to Jackson M. Ayers, 1633-1. Their wedding date is October 23, 1954. Jo is the daughter of Mr. and Mrs. H. D. Bunting, of Artesia, New Mexico. She has been an employee of Sandia Corporation since June, 1950. Her fiance came with the Corporation in November, 1950.

Miss Bunting

Miss Goss

Mr. and Mrs. Frank A. Goss, Jr., 5331, have announced the engagement of their daughter, Marian, 5242, to Albert T. Marrs, 5241. Marian joined the Corporation a year ago, and Albert has been here for 3½ years. A December wedding is planned.

## A Red Feather Message . . .

# The Captains Speak

As in the past, the Sandia Corporation employees' Community Chest drive is being conducted by volunteers. These workers who give freely of their time, both during working hours and evening hours, have plenty of enthusiasm for a successful drive and such enthusiasm has resulted in highly successful campaigns in the years gone by. Sandia Corporation's solicitation plan is regarded as a model of efficiency and organization by downtown Chest workers.

Here are a few of the comments of some of this year's team captains:

### Arnold G. Schuknecht

Team Captain—3100, 6000

"I feel it is a privilege to serve in the 1954 Community Chest drive. Nowhere else could I give my support to a cause which could assure me I am helping the needy agencies and the people of Albuquerque

more. Let's all get behind the Community Chest drive and surpass this year's goal."

### Kenneth A. Smith

Team Captain—5200, 5300, 5400

"I am always pleased to assist in the Community Chest drive, for it affords me the opportunity to serve a community program whose benefits I am convinced are worth whatever time and money I can give. In past drives, I have noticed that every Sandia employee with whom I discussed the Community Chest shares

this feeling. I am confident that this attitude, and the knowledge that the money we give is being used wisely and well by the agencies, will make the outcome of this year's drive even more satisfactory than last."

### Henry C. Strauss

Team Captain—2300, 2460

"I feel it an honor to serve as a team captain in this year's Community Chest drive. Last year as a solicitor I visited some of the Chest agencies to get first hand information on what they were accomplishing. I have seen the organizations which have benefitted from Red Feather drives in other communities as well and I know the advantages of united giving. This concerted effort is of great benefit to Albuquerque and I am glad to lend my help."

ing. I have seen the organizations which have benefitted from Red Feather drives in other communities as well and I know the advantages of united giving. This concerted effort is of great benefit to Albuquerque and I am glad to lend my help."

### William E. Prekker

Team Captain—4000

"I am very happy to have been selected as a team captain for the forthcoming Community Chest drive and for the opportunity to serve in some small way in this very worthy cause. The significant fact to me is that the Community Chest drive is one big effort in behalf of 23 organizations instead of 23 individual drives. For this reason we should go all-out in our efforts to put this drive over with a bang and exceed our goal."

### Jack Benson

Team Captain—2200, 2470, 2440

"In past years I have always been interested in supporting the Community Chest drives. But until this year my contribution has been limited to the monetary donation only. This year I was pleased to be selected to assist in the Sandia campaign by serving as a team captain. I sincerely hope that my enthusiasm for the Community Chest drive will enable me to fulfill the confidence that the committee has placed in me."

### Walter E. Treibel

Team Captain—1200, 1300, 1900

"Busy moderns sometimes remind me a little of something quite old fashioned—the old milk wagon horse. Wearing tight-fitting blinders, he would pull a rattling wagon around the route day after day, seeing neither right nor left, completely unaware of what was happening around him. At times we're a little like that. But more is expected of people, they must see and act. The Community Chest drive gives us a chance to look around, to appraise the needs of our community, to see what's happening to those less fortunate than ourselves and most important to help our fellow man in need and make our community a better place. It is reasons such as these—the opportunity to see and help—that make me glad of a chance to do my bit."

(Other team captains will speak next issue.)

Photo by Dunlap  
BOB, TOM AND JIM—the Kelly Kids—are now a different brother "combo" act for the Sandia Corporation.

## "We Sang," Says Bob; "We Danced," Says Jim; "We Wowed 'Em," Says Tom

Usually, Tom came on alone, singing like an angel.

While Tom was knocking 'em dead with the solo act, Bob and Jim shuffled on from the wings, backed big brother on the chorus, then the three of them swung into a fast soft shoe routine.

But this was in 1937, at a time when the Kelly brothers: Bob of 1913, Jim, 2231, and Tom of 1632, were a trifle younger, and a mite faster on the feet.

Nowadays the singing and dancing Kelly Kids stage a different brother combo for the Sandia Corporation. Tom works as a research and development assistant, Jim is an electrical assembler, and Bob's an administrative assistant.

In the Golden Years of '36 and '37, Bob, Jim, and Tom played the Chicago Theater to standing room only. They came on with a wizened little guy named Jimmie Durante. At the Morrison Hotel, they "wowed" the crowd in the company of red-hot Sophie Tucker.

The "good old days" for the singing and dancing Kelly Kids were a round of appearances at golf banquets, orphanages, sanitariums, hotels, and entertainment centers throughout Chicago and the Mid-West. Later, they began singing over the National Broadcasting outlet, Station WGN.

### Voices Gave Way

"Mom gave us the singing lessons," says Bob.

"Pop gave us the old iron hand," says Jim.

"A dance studio gave us the soft-shoe shuffle," says Tom.

The talented Kelly Kids managed to knock down some sizeable pay-checks during their big years. But soon the angel voices began to thicken, a cracked note appeared here and there, and the act's future suddenly darkened.

"We started modeling boys' clothes

for a photographer," says Bob.

"The pictures showed up in an insurance ad in LIFE," says Jim.

"And in a wholesale catalogue, too," says Tom.

### Enjoy Athletics

Since coming to Sandia Corporation in 1950, 1951, and 1953, Tom, Bob, and Jim have been active in athletics. They take part regularly in employees' softball, basketball, and golf leagues each year.

But golf—as is to be expected—is the Kelly Kids' mainstay. Their dad, Tom, a golf pro at Sunset Valley in Chicago's Highland Park district, cured the hooks and slices of Windy City duffers for 25 years. Until arthritis crippled him in 1943, when he brought the family to Albuquerque, Dad Kelly was considered one of the Mid-West's top golf professionals and a fine golfer in any man's league. Now Tom, Sr., works in a men's clothing store in downtown Albuquerque. But only last week he walked out on the University Pitch-and-Putt course and took first prize with weekly low score.

The brothers still manage to squeeze in a round or two on weekends, but they remain non-committal as to scores.

"Crummy," says Bob.

"Not bad," says Jim.

"I always win," says Tom.

### Now Married Men

All of the Kelly Kids are married now, and live with their families in Albuquerque. Bob has a son, 2; Jim a boy, 5; and Tom has a four-some, two boys, two girls.

The brothers have gradually dropped their singing and dancing activities, though they did work up a snappy routine for a recent family reunion.

"For the folks' 27th wedding anniversary," says Bob.

"We sang and danced all over the place," says Jim.

"We wowed 'em," says Tom.

JIM, TOM AND BOB swing into the chorus as they play to packed Chicago Theater in December, 1937.

# UNM-Sandia Meeting for Night Classes Scheduled Sept. 13

Faculty members of the University of New Mexico will meet with Sandia employees Monday evening, Sept. 13, 7:30 p.m., Coronado Club, to discuss courses offered by the Community Evening College of the University this fall.

Registration at the University for both credit and non-credit classes and day and night courses will be Friday and Saturday, Sept. 17-18.

Representing the University at the Coronado Club meeting will be faculty from all colleges and schools. Students at both graduate and undergraduate levels are invited to attend the meeting.

Following the general meeting the group will divide into sections dealing with particular courses.

Catalogues listing credit and non-credit evening classes of the Community College are available in Employee Services Department, Bldg. T-301.

Following is a listing of evening classes which will be of special interest to Sandia Corporation employees:

### Credit Courses

Business Administration: Government Accounting, Principles of Mar-

keting, Corporation Finance, Principles of Organization and Management, Principles of Accounting, Intermediate Accounting, Income Tax Accounting, Auditing, CPA Review.

Economics: Introduction to Economics, National Income Analysis, Theory of Socialism, Welfare Economics and Liberal Programs of Reform.

Civil Engineering: Plain Concrete II, Advanced Intermediate Structures, Foundations and Retaining Walls.

Electrical Engineering: Electromagnetic Waves, Transients in Linear Systems, Electronic Circuits.

Mechanical Engineering: Seminar, Mechanical Vibrations.

Mathematics: Introduction to Astronomy and Physics, Intermediate Algebra, College Algebra, Plane Trigonometry, Introduction to Calculus, Mathematics of Statistics, Ordinary Differential Equations, Vector Analysis, Advanced Topics in Algebra.

Physics: Physical Optics, Analytical Mechanics, Electricity Laboratory, General Meteorology, Synoptic Meteorology, Instruments and Observations, Contemporary Physics,

Statistical Mechanics and Thermodynamics, Quantum Mechanics, Advanced Seminar.

### Non-Credit Courses

Monday: Acetylene Welding, Anatomy for Lawyers, Arc Welding, Bookkeeping for Small Businesses, Landscape Gardening, Model Building, Mechanical Drawing, Modern Fiction, Plane Geometry, Real Estate Fundamentals, Southwestern Archaeology, Beginning Spanish, Water Color Painting.

Tuesday: Advertising, Acetylene Welding, Arc Welding, Better Reading Ability, Blueprint Reading, China Painting, Hunting in New Mexico, Interior Decorating, Prospecting, Advanced Real Estate, Beginning Spanish, Statistical Quality Control.

Wednesday: Algebra, Creative Writing, Business English, Jewelry Making, Office Machines, Ornamental and Wrought Iron Work, Painting and Design, Real Estate Law, Sewing, Intermediate Spanish.

Thursday: Advanced Arc and Acetylene Welding, Ceramics, Beginning French, Income Tax, Interior Decorating, Landscape Painting, Public Speaking, Beginning Spanish, Southwest Folklore, Tailoring, Woodworking.

## Sandia Engineer Presents Papers At Two Meetings

Robert E. McCallum, supervisor of 1652-3, has prepared two papers for presentation this fall before the first International Exposition and Instrument show of the Instrument Society of America, and for the fall general meeting of the American Institute of Electrical Engineers.

The ISA meeting in Philadelphia, Pa., on Sept. 22 will see a demonstration and publication of the Sandia's work, "Crosscheck System for E.M.F. and Resistance Standards in a Meter Laboratory."

The second paper, "Discussion of Precision in a Meter Checking Program," will be presented at the AIEE session, the week of Oct. 11-15 in Chicago.

Bob joined Sandia Corporation in 1950. He attended Carleton College in Northfield, Minn., where he received a bachelor of arts degree, and the University of Nebraska, Lincoln, where he was awarded a B.S. degree in electrical engineering.

## Non-Credit Courses In Quality Control Planned at UNM

The Albuquerque section of the American Society for Quality Control will co-sponsor an introductory course in "Statistical Quality Control" with the University of New Mexico in the Community Evening College, beginning September 20.

The group will meet each Tuesday, from 7 to 9 p.m., on the University campus.

## Sympathy

Sympathy is extended to William D. Wing, 5521, whose wife died recently after an extended illness.

We extend sympathy to the family of Paul K. Davis. Paul, who worked in 2232, passed away in the Veterans' Hospital in Albuquerque, Aug. 26. He is survived by his widow, Willie Mae.

Sandians give their sympathy to the family of William R. Galloway who died Friday, Aug. 29. Supervisor of section 2532, he died in an Albuquerque hospital of acute nephritis. He is survived by his widow, Doris, two children, his mother, and two sisters.

Our sympathy to Phil Gilstrap, 2121-2, whose father died recently in California.

## Ernie Fields Plays For Coronado Club Dancers Tonight

A capacity crowd is anticipated tonight when Ernie Fields' Orchestra stages a one-night stand for Coronado Club members and their guests. Dancing is from 9 to 1.

Called America's Sweetest Swing Band, Fields' unit specializes in symphonic swing, classic Dixieland, and an easy blues and be-bop style. His musical style has made the Fields name famed throughout the nation.

At intermission time, Fields' Orchestra will feature a musical history of Dixieland jazz, the instruments tracing the growth of American jazz over the years.

The facilities of the Coronado Snack Bar will be made available to Coronado Club members and their guests.

Tickets for the dance are \$1 per member, \$2 for guests.

## E. D. Kipp Speaker at AIEE Meeting Sept. 14

E. D. Kipp, superintendent of the meter department of the Public Service Company of New Mexico will be the chief speaker when the Albuquerque chapter of the American Institute of Electrical Engineers meets Sept. 14. Time of the meeting is 7:30 p.m. at the Public Service Company Service Center, 4201 Edith NE.

Mr. Kipp's topic will be "Arriving at the Watt Hour." AIEE members will later make an inspection tour of the Center's metering laboratory.

Oct. 6, at 7:30 p.m., AIEE members will gather in the new Electrical Engineering building on the University of New Mexico campus to hear Ray Bell, of the Allis-Chalmers Company, speak on "Effects of Recent Developments on the Application of Power Transformers."

Coffee and doughnuts will be served at each meeting.

## AF Officer Speaks About Rockets to Members of ASME

Colonel Harry C. Donicht, commanding officer of the 4925 Test Wing (Atomic), stationed at Kirtland Field, will address the Albuquerque section of the American Society for Mechanical Engineers on September 15, at 7:30 p.m. The meeting will be held in Room 101, Mitchell Hall, on the University of New Mexico campus.

Col. Donicht's topic will be: "Early Development Problems with Rockets Fired From Aircraft."

## 1954-1955 Bowling Opens Next Week At Coronado Club

Pins clatter next week as winter season bowling gets under way at the Coronado Club lanes.

First ball hits the alleys September 13 at 6:30 p.m., when teams of the Jungle League roll into ABC-sponsored league competition. President of the Jungle League this year is Tom Cook; vice-president, Joe Hickey, and secretary-treasurer, Don Adkins.

The ladies of the Jewelle League bowl Tuesdays of each week. This year's league is sponsored by the Women's International Bowling Congress. President of the Jewelles is Virginia Pace; vice-president, Lois Sherwood; sergeant-at-arms, Julia MacNeil, and secretary-treasurer, Mary Schwartz.

### All-States League

Wednesday nights at the Coronado Club have been set aside for All-States League activity. Harvey Thiermann is president for the 1954 season; George Hansche, vice-president, and Charles Kaspar, secretary-treasurer.

Thursdays, the Major League bowls at the Coronado alleys, headed by E. J. Smith, president; Blythe Wemple, vice-president, and Bob Fleming, secretary-treasurer.

The Indian League bowls on Fridays of each week. Heading the Braves this year is Ken Lloyd, president; Jack Palmer, vice-president, and Leroy Huehnfeld, secretary-treasurer.

Off-base bowling participated in by Sandia Corporation employees is conducted at the San Mateo Lanes, where the San Mateo Major League meets on Wednesday nights.

### Members Only

Bowling at the Coronado Club alleys is priced at 30 cents per line with bowling restricted to Coronado Club members only. Any Coronado Club member desiring to bowl with a league as regular or substitute is asked to contact the League officers: Ken Lloyd, president; Tom Cook, vice-president, or Leroy Huehnfeld, secretary-treasurer.

Any league disputes will be adjudicated by a specially-appointed Rules Committee, according to pertinent ABC regulations.

About 300 Sandia Corporation employees will bowl during the winter season.

# shopping center

The Shopping Center is for Sandia Corporation employees and employees of the AEC on Sandia Base and it is a free service. To submit ads, just write down on a card or piece of paper what you want to advertise in 20 words or less. Indicate whether the article is "For Sale," "Wanted," "For Rent," etc., and write down the home telephone number or address where interested parties may get in touch with you. Include your name and department number and mail the ad to the SANDIA LAB NEWS, Sandia Corporation, Albuquerque, N. M., or send it to the SANDIA LAB NEWS through company mail after you come to work. ADS CANNOT BE TAKEN OVER THE TELEPHONE. If you prefer, you can give your ad to the SANDIA LAB NEWS reporter in your organization. Each advertisement will be run one issue. The deadline is Friday noon, a week prior to publication.

Next Deadline Noon Sept. 17

## SNT Members Meet At Los Alamos Lodge Tuesday, Sept. 21

The Los Alamos chapter and the Albuquerque sub-section of the Society for Non-Destructive Testing will meet at the Lodge at Los Alamos on September 21 at 6:30 p.m.

Mr. H. C. Staats of the Special Products division of the Magnaflux Corporation will speak on "Magnetic Particle Inspection."

All SNT members and their guests are invited to attend.

## Champion Named As Softball Tournament Closes for Sandians

In the final softball clash of the 1954 End-of-Season Tournament, the Braves topped the Dodgers last night by a score of 6 to 0, to emerge as tournament champions.

Last week's semi-final round pitted the Dodgers-Cubs, the Dodgers squeaking by to the tune of 6-5. The Braves of the National League scalped the Senators, 13-4, under the lights of Diamond B.

Final standings in the disputed American League put the Senators on top with 12 games won, 3 lost, after League Commissioner, C. W. Campbell ruled that two Athletics players in a recent A's-Senators game were ineligible, and the game forfeited.

An Awards Banquet will be held at La Cana Room of the Coronado Club, Sept. 24, for Sandia Corporation softball association players, managers, and officials. Time for the affair is 6 p.m. Ballplayers, their wives or guests are invited. Trophies will be awarded to winning teams in both leagues. There will be dancing after the buffet dinner.

All team managers have been asked to contact their players, so that reservations can be made at the Club. Chairman for the affair is Jim Deakin. Other committee members include Nick Pavletich and Gene Medina.

Ticket prices are \$1.50 per person. Further information may be obtained from Betty Shultz, Employee Services Department, ext. 29157.
