New Look in Personnel Org.

Senator Anderson Speaks Here to Sandia Group

More than 200 physicists, engineers and scientists of Sandia Corporation heard Senator Clinton P. Anderson

—Sen. Clinton P. Anderson—

speak before the Sandia Colloquium this week.

Sen. Anderson, who is chairman of the Joint Congressional Committee on Atomic Energy, talked on "Human Effects of Radioactive Fallout."

Also attending the meeting were ranking representatives of military organizations assigned to Armed Forces Special Weapons Projects on Sandia Base.

Introduced to the group by James W. McRae, president of Sandia Corporation, Sen. Anderson discussed various aspects of radioactive fallout phenomena.

Sen. Anderson and members of his party later attended a luncheon given by Mr. McRae at the Coronado Club.

Sen. Anderson's talk for the Sandia Colloquium is one of 60 or more scheduled appearances by noted scientists, statesmen and administrators. Other notables who have lectured to Sandia Corporation and military personnel are Hans Bethe, Edward Teller, both noted physicists, and Alvin C. Graves of the Los Alamos Scientific Laboratory.

Credit Union to Go Over Million Dollar Mark Soon

Some Sandia Corporation employee will deposit the millionth dollar in the Sandia Laboratory Federal Credit Union within the next 30 days.

Credit Union officials are planning to observe the event with a ceremony in which the member will be awarded a gift. Founded in September, 1948, the Credit Union has been growing with increasing rapidity the past few years.

The first financial statement of the Credit Union was issued in October, 1948, and showed \$510.75 in total assets, with no loans on the books.

In April, 1954, the half-million dollar mark was reached in deposits.

The most recent statement of the organization, August 31, 1955, reported assets of \$956,066.20 and loans totaling \$782,167.70.

As part of an accelerated educational program for the Credit Union, a letter was recently circulated to Sandia Corporation employees giving information about savings possibilities and loan services. Recent changes in regulations have made some types of loans available at a lower interest rate.

Quality Control Classes Taught by Sandians at UNM

Advanced and basic courses in statistical quality control are being taught in University of New Mexico night classes this semester by Sandians Al Hayes, 2542-2, Lloyd Williams, 5511, Jack Wiesen, 5131-1, and George Hawley, 5511.

The 12-week, non-credit courses are offered in co-operation with the Albuquerque chapter of the American Society for Quality Control. They are in Mitchell Hall, 7-9 p.m., Wednesday, for advanced; Thursday for basic.

Need 4 More Teams For Volleyball League

Additional teams are needed for volleyball play in the Sandia Corporation Employees League. Although four teams have already signed up for the League, at least eight are needed.

Streamlined 3150 Meets New Needs of Maturing Company

The recently announced functional reorganization of the Employment and Personnel Department, 3150, will permit the divisions concerned to render greater service to line organizations and meet the changing requirements of the maturing employee body, according to W. G. Funk, department manager.

Where recruiting and placement functions were previously conducted by both the General and Professional Employment and Personnel divisions, recruiting activities have now been consolidated in one division, and placement and other personnel functions in another division.

The new Employment Division, 3151, headed by Nicholas Vytlačil, has two sections: Staff Employment, headed by Frank Bell, and General Employment, under Brian Finley.

The Personnel Division, supervised by Ken Smith, has a Staff Personnel section headed by Howard Stump, and a General Personnel section headed by Dick Reed. A third section, Skills Inventory, under Jack Mafit, is setting up a comprehensive reference system whereby the qualifications and skills of all employees will be more readily available for placement activities.

Two other divisions of the Personnel and Employment department were unaffected by the reorganization. They are Employee Records and Processing Division, 3153, under Harold Gunn, and Development and Results Division, 3154, headed by Jerry Gibson.

Coincident with the realignment of functions for the two divisions affected, a program of rotating staff members and section supervisors was initiated in the department. The object of the plan is to give qualified staff members broader experience and leadership opportunities.

Climbing Fans to Enjoy Aspens During Mountain Outing

Sandians in the New Mexico Mountain Club are planning an aspendate to Colorado's western slope country around Silverton and Telluride Oct. 1 and 2. The group will meet Saturday in Durango, Colo., and camp at nearby grounds.

WINNER in the Community Chest Slogan Contest is Richard Strome (right), 2463, who receives a silver tea service and congratulations from Coronado Club president Robert A. Knudson (left), 3164, while Robert E. Hepplewhite, 2463, Sandia's Community Chest publicity director, looks on.

Sandia Corporation State Purchases Show Increase to \$3,000,000 in 1955

Businessmen in New Mexico got a \$3,000,000 boost from the local purchasing activities of Sandia Corporation during the past year, according to James W. McRae, president of the Corporation.

The figures were disclosed recently during a talk by Mr. McRae before the Albuquerque Lions Club. He pointed out that this figure was an increase over the previous year when the total was approximately \$2,300,000.

"Nothing would suit us better than to buy everything we need right here in New Mexico," Mr. McRae told the businessmen, "but unfortunately this state has not yet become sufficiently industrialized to supply many of our specialized requirements."

During the fiscal year of 1955, which ended June 30, the Corporation placed purchase orders with some 436 New Mexico suppliers, most of whom were in the Albuquerque area. These figures do not include purchases made by other prime contractors of the Atomic Energy Commission in New Mexico, such as Los Alamos Scientific Laboratory and ACF Industries.

Mr. McRae said local sources are being developed for more and more items and that there has been a noticeable increase in the number and types of manufactured articles of non-standard design which can now be obtained here.

Karnowsky Article In Foundry Magazine

M. M. Karnowsky, 1612, is the author of an article, "Castability of Aluminum Alloys" which will appear in FOUNDRY Magazine.

Karnowsky, a metallurgist, is a graduate of Purdue University, and lives with his family at 1433 Adams NE.

Kickoff Date for Red Feather Drive Tuesday, Oct. 4

Sandia Corporation employees will launch their Community Chest-Red Cross United Fund Drive Tuesday, October 4 in an all-out effort to raise money for the 24 associated agencies.

The drive is headed this year by Luther J. Heilman, 2400, and he is assisted by a committee of nine and 13 team captains and several hundred squad leaders and solicitors.

The goal set forth by the committee is 100 per cent participation by Sandia Corporation employees.

Bus tours of selected agencies of the Community Chest organization have taken Sandia Corporation drive workers to see where the Community Chest money goes. Instruction meetings for workers are scheduled for next week and a rally for the solicitors, squad leaders and team captains will be at the Coronado Club Monday, October 3, at 3:15 p.m.

Solicitation of funds starts the next morning and it is expected that within a few days the drive will be completed.

Drive results will be tallied in a temporary Community Chest-Red Cross United Fund Drive office in the lobby of Bldg. 800. During the drive, progress reports will be given over public address systems to be set up in the tech area.

The Sandia Lab News, in cooperation with Sandia Drive publicity director, Robert Hepplewhite, will bring employees a special Red Feather issue, Monday, Oct. 3.

NEWSPAPER EDITORS from Coachella and Imperial valleys were guests of Sandia Corporation recently at a luncheon following a guided tour of Salton Sea Test Base. Howard Austin, 5214, who conducted the range demonstration, is at the lower left,

back to camera. Across from him is H. E. Lenander, 5220. Fourth from left is S. S. Harris, 2460, and at the end of the row is Henry Vermillion, AEC-SFOO, seated across the table from T. A. Sprink, 2480, in white shirt.

A Message from the President . . .

This issue is the first to go to press since the completion of negotiations and the signing of contracts with the two labor organizations representing production and maintenance and office and clerical employees. We had previously signed a new contract with the organization representing the guards.

The negotiations leading to these contracts were lengthy. They started in February, about six months ago. All of the participants will agree that many differences of opinion were examined in detail. I believe all concerned will also agree that the Atomic Energy Labor Management Relations Panel labored diligently to help in resolving the issues. Neither side secured all the provisions they advocated. However, one thing seems certain: after so much discussion, and such careful consideration of each article, both parties should really understand the purpose and meaning of each provision.

With this understanding, we should know how to operate under the new contracts, so far as the management is concerned, and supervisors will bear considerable responsibility toward that end. If you are a supervisor of union-represented employees, I know you will become familiar with the new contract and do your part to live up to it. Union officers, stewards and members will also carry considerable responsibility. However, I believe that many questions which have been troubling the unions have now been cleared. With these matters settled, and with the understanding of each other's problems acquired through these lengthy discussions, we should be able to move forward into a period of still better labor-management relations.

President
Sandia Corporation

Applications for Hospitalization Plan Due Oct. 3

Monday, Oct. 3, is the deadline for applications from Sandia Corporation employees who wish to participate in the Hospitalization and Surgical Benefits Plan.

This enrollment period will probably be the last one for employees now on the Corporation rolls. New employees may subscribe to the plan when they are hired in.

Completed application forms should be in the Employee Services and Benefits Section, 3122-1, Bldg. 829 no later than Oct. 3. First month payroll deductions will be made from the October payroll.

Complete details concerning coverage of the insurance may be found in a booklet published by the Equitable Life Assurance Society. Copies may be secured from supervisors or from 3122-1.

ASTE Meeting

Ray Francisco of the Do-All Company, Des Plaines, Ill., will speak to members of the Albuquerque chapter of the American Society of Tool Engineers Sept. 29 at 7 p. m. at the Hilton Hotel.

At the dinner meeting, Francisco will speak on "Production Band Sawing."

Color films will be shown.

AOA Dinner Meeting At Kirtland Oct. 6

Members of the Albuquerque chapter of the American Ordnance Association will hold a dinner meeting Oct. 6 at 6 p. m. at the Kirtland Air Force Base officers club.

The meeting is open to members and guests.

INTENT on cake cutting are Walter Preber and his bride, the former Mary Beth Stroud, 4131, at their wedding reception in the Hilton Hotel. The wedding ceremony was at the home of Mary Beth's brother-in-law and sister, Mr. and Mrs. Al Disco, 2527 General Arnold NE. The Prebers honeymooned in Chicago and now live at 1532 Alamo, SE.

around the departments

ALOHA! — Arrival in Hawaii for Walter F. Cihak, left, his wife Norma, second from right, and Mrs. Jack Rich, far right, was marked with a greeting from the "King" of the islands. Wally is in 2221 and Mrs. Rich's husband, Jack, is in 2452.

Joann Fresquez, 1335, and husband spent two weeks vacationing in Denver golfing, swimming and visiting friends. Preparing for the hunting season were Chester R. Clyde, 1326, and family who vacationed two weeks at their cabin in the Jemez Mountains. Davie Ray, 1611, reports a very interesting side trip to Ensenada, Mex., while touring Arizona and California.

Expected back at work in October is Lorene Joyce Nicoll, 4131, who underwent an operation in Sandia Base Hospital. Carter Howard, section supervisor, 4131-2, was injured recently in a two-car collision on East Highway 66. He recuperated at his Albuquerque home after four days in a local hospital.

G. E. Cunningham, 2232, has returned from a 10-week period of convalescence after surgery. Mike Hanrahan, 2232, is in Veterans Hospital with a case of bronchial asthma. Also on the sick list are Edith Irwin, Gene Redlinger and Dolores Kobernat, 2231, and Al Vinsant, 2232.

Don Wader, 2231, and family made a pre-scheduled return to our city to cool off following a trip to California to visit friends in the Los Angeles region. Mesa Verde Park in Colorado attracted Jim Simpson, 2561. Colorado was also the state selected by Marty Hansen, 2561.

En route home from San Bernardino, Calif., Clarence Canady, 2213, and wife Ethel, 2231, stopped at Boulder Dam, Las Vegas and Grand Canyon. Harold Hanna, 2613, visited his native Ohio. An extended vacation in the Pacific Northwest delighted Louise Major, 2613. Lorena Schneider, 2610, has departed for the Southeast.

"Old Man of the Mountains" is the name gifted Glenn Haughness, 2541, since he became owner of a home in the Sandias.

5133's George Anderson, Douglas LaCoss and David Williams caught their limit of rainbow trout during a fishing jaunt to Colorado's Hermosa River. The trio describes catches as "monsters."

Vacation tales were exchanged in 2541 by Dorothy Schardon who chose the national parks and monuments of Colorado, Willard "Bill" Flowers joining relatives in Ohio and Kansas, and George Vaughan, traveling to Mulshoe, Tex.

Matt Bustos, 2232, has been on a two-week training cruise with the Naval Reserve. Vacationers in 2232 include the E. O. Smith family on a fishing trip up north, William Burke family attending a Madison Square Garden prize fight while visiting friends in New York.

Martin Corney, 2531-1, gratefully reports that the brace on his Siamese cat's leg has been removed. Sophie Berning, 1922-1, is not too happy with the feline family since nursing a bitten leg.

Among recent vacationers are: Charles V. Stephenson, 5133, to Tennessee and Alabama; Frank Neilson, 5133, motoring in Utah; Jim Strascina, 5142, with relatives in Buffalo, N. Y.; Estelle Muses, 1922-1, reunited with sister in Artesia; and W. B. Dudgeon, 2551-2 in Iowa.

C. M. Coats, 2551-2, enjoyed a weekend trip to Juarez where he visited Carlo Montera, formerly employed with Sandia Corporation. Doris Miller, 2530, husband Gene, 2533, Norma Andrus, 2531, and husband enjoyed a very successful three-day fishing trip on the Brazos River. Evelyn Mohar, 2531, found fishing good in the Conejos River.

Dixie LaMoria, 2532-1, is on her way to see relatives in Michigan. Returnee from the West Coast is Walt Dauphinee, 2533-1. Chihuahua, Mex., was the vacation destination of Bob Higgins, 1917, and wife, Pat, 5200. Layton Warn, 5442, and family motored to Pasadena, San Francisco, and Palo Alto, Calif.

Douglas LaCoss, 5133, has recently moved into a new house at 2806 Cagua Dr. NE. Also changing his address is Robert S. Neiman, 5133, now at 3130 40th Street, Sandia Base.

Books and magazines will be welcomed by R. G. Silva, who will be recuperating from surgery another six weeks. Anyone wishing to supply him with reading material may contact Jim Henderson, 2531-1. Charlie Muehlenweg, 5143, was hospitalized this week for minor surgery. Recuperating from a tonsillectomy is Keith Schroder, 2551.

C. A. Morterud, 2552-3, attended the Wisconsin State Fair while visiting relatives there. Mary Norvill, 1242, and husband, Bob, 2613-2, have returned from a week's vacation in Grand Canyon, Las Vegas, Nevada, and Oak Creek Canyon, Arizona.

Helen Allen, 2462-3, had a wonderful vacation touring Colorado. Jane Baker, 2462-3, has gone east to bring her daughter back to Albuquerque.

Vacationing in Colorado during the recent rainy season were Martha Leverenz, 1922-3, and husband Bill, 2151, and Mr. and Mrs. Ben Evans, 1631. The Ben Bookwalters, 1631, have returned from three weeks in Illinois and Wisconsin.

HOWDY-DOODY meets Peggy Ann Puglisi, pretty daughter of Charles J. Puglisi, 2613, when she appeared as a guest visitor on the nationally-famous NBC television show. Charlie is a wage and salary administrator.

Division 5133's picnic Sept. 10 at Doc Long's Picnic Grounds proved to be a great success with everyone enjoying the food, horseshoe pitching, and a rolling pin contest for the ladies.

Earlene Brinegar, 1925-5, is spending her vacation in Birmingham, Mich., visiting her sister and brother-in-law. Barbara Gaddis, 1925-5, has taken short jaunts to Carlsbad and Juarez. The beauties of Colorado lured Lee Stinnett, 2531-2. G. J. Hildebrandt, 2553, and family traveled to Amarillo, Tex., and Champaign and Chicago, Ill., to visit relatives. Mrs. and Mrs. Harold Schulte, 1641, went to Cleveland, O.

A FRENCH SOLDIER and his dancing doll—Betty Lou Myers (below), 3153, and Mary Jean Lucas, 2225-1, conclude their interpretation of "Flirtation," as directed by the Dorothy Knight School of Dance. Dancing partners for four years, the girls entertain at the Veterans Hospital, Coronado Club, NCO clubs at Sandia and Kirtland bases and numerous charity benefits.

The Inquiring Reporter Asks—

What Do You Think of The Community Chest?

BOB CRABB, 5242: The Community Chest is here to stay. In fact, it's a necessity if the health and welfare organizations it supports are to remain in operation. And I think the Community Chest offers an easier and more efficient method of handling charitable contributions than a plan of multiple drives.

MAY WARD, 2231-4: We — you and I—are a part of the Community Chest. Just by living here we're part of it, and we've got a job to do to keep the agencies working effectively. None of us can forget the social welfare needs of our community and our responsibility to the Community in providing such service.

FRED H. SCHNEIDER, 1931-3: One united drive is certainly the only sensible way to conduct a campaign which will provide funds for all these worthwhile Red Feather organizations. Here at the Corporation we have a practically painless method of giving. We can make our contributions through payroll deductions. We hardly miss the money that way, yet we know we've done our share.

BURL L. BROWN, 2417: By this time probably everyone is familiar with the many Community Chest activities. Some of us even know persons who are now receiving benefits from Chest agency funds. Helping others is easy through the Community Chest when everybody gives, because everyone receives. In this campaign you will find everyone working together and working hard.

Congratulations

BORN TO:

Mr. and Mrs. E. R. Thompson, 5311-1, a boy, Charles Landrum, Sept. 10.

Mr. and Mrs. Edward Neidel, 5424, a girl, Nan Alice, Aug. 20.

Mr. and Mrs. Robert Wehrle, 5311-1, twins, Margaret Ann and Timothy John, Sept. 3.

Mr. and Mrs. Joe L. Armijo, 2232, a boy, Joseph Anthony, Sept. 1.

Mr. and Mrs. Hal Vaughn, 5142, a girl, Stephanie Lee, Sept. 14.

Mr. and Mrs. Melvin Brock, 5222, a boy, Timothy Alvin, Sept. 5.

Mr. and Mrs. Alan Pope, 5142, a girl, Elizabeth Cooper, Sept. 7.

Mr. and Mrs. Arthur Weiner, 5442, a boy, Kenneth Alan, Aug. 31.

Mr. and Mrs. Joe Parker, 1641, a girl, Teri Jo, Sept. 5.

Mr. and Mrs. Joe Danclovic, 3152, a boy, Paul Thomas, Sept. 11.

Mr. and Mrs. F. L. McFarling, 1631, a boy, Dennis Brian, Sept. 2.

Promotions

NORBERT J. EICH to supervisor of 5312, Printed Circuitry and Plastic Encasement Division in the Component Development Department.

From 1930 to 1953, Mr. Eich served on the technical staff of the Bell Telephone Laboratories, Inc., most recently in the field of packaging and printed circuitry at Murray Hill, N. J. In Feb., 1953, he joined Sandia Laboratory as supervisor in Electro-mechanical Apparatus Components and Packaging.

Born in Jersey City, N. J., he received his early education there and later attended Massachusetts Institute of Technology, Cambridge, Mass., and Stevens Institute of Technology, Hoboken, N. J., from which he graduated in 1930 with a degree in mechanical engineering. In May, 1952, Mr. Eich presented a paper at the Symposium on Progress in Quality Electronic Components, Washington, D. C.

WILLIAM A. SMITH to supervisor of the Classification Section of the Staff Administrative Service Department, 1923-2.

Bill has been with the Classification Section since Dec. 1952; earlier served in engineering design, production engineering and production control.

He worked as an Army technician with the Manhattan Engineering District at Los Alamos from July, 1945 until May, 1946, then transferred to the Sandia Laboratory under the University of California. He received his discharge in Nov., 1946 and returned to Sandia in May, 1947.

A native of Mason City, Ia., Bill attended Iowa State, Ames, and Coe College, Cedar Rapids, and later the University of New Mexico. His major fields were electrical engineering and physics.

Prior to military service, he was associated with two Cedar Rapids firms, Collins Radio Co. and Universal Engineering Corp.

VTI Alumni Plan TV Station Tour

A conducted tour of the KOB-TV studios will be a feature of the September meeting of the Albuquerque chapter of Valparaiso Institute alumni. The meeting will be Sept. 23, at 8 p.m.

Some 13 Sandians are VTI graduates.

Further information may be obtained from Jim Drake, 1652, ext. 40232.

around the departments

The vacation spot of **J. V. Hunt, 2124**, was Chicago, the home of his daughter. **Everett Cowan, 2124-2**, and wife were attracted by the Southwest and West Coast.

Rudy Frantik, 5131, returned from a vacation which took him to Disneyland, Knott's Berry Farm, San Diego, Oak Creek Canyon and the Arizona ghost town of Jerome. **Cecelia Pacheco, 5131**, drove with her husband to New Hampshire.

The **Charley Puglisi's, 2613**, played host to Kathy Reynolds of Tuckahoe, N. Y., who enjoyed her first visit to the Southwest. Sights around Albuquerque brought approval from the parents of **Charles Winter, 1243**, who were here from New York. **Fred Nylander, 5442**, and family drove to Mesa Verde, Canyon de Chelly, and took the narrow-gauge train ride from Durango to Silverton. **Louise Cernich, 5441**, went to the East. **Bill Hess, 5442**, did some fishing in Colorado and Pecos.

2463 vacationers: **Wally Ives, 2463**, and wife Emily, California; **Duke Pawley** and family, Cody, Wyo.; **Jack Suttman** and wife, Guaymas, Mex.; and **Jo Abraham**, Pomona, Calif.

Frances Hale reports much difficulty getting through the flood-stricken areas to visit with her new grandson and his parents in Holyoke, Mass. She also visited the nation's Capitol and returned through Texas to visit relatives.

Bea Thompson, 1922-3, entertained the women in her office with a chicken dinner in her home Thursday evening, Sept. 15. Bea recently had as her guests members of her family from four states celebrating their first family reunion since 1918.

Dick Cook, 1631, and wife **Laurel, 3152**, made a pack trip into the mountains near Pagosa Springs, Colo. They have moved into their new home at 2621 Gretta NE.

The **Gordon Kings, 1632**, spent a week in Yellowstone. **Bob Whitford, 4153**, and wife **Martha, 1632**, saw the sights in New York, New Jersey and Philadelphia on their vacation. **Vera Antuna, 1631**, visited her family in Las Vegas, N. M. and spent a week in the northern New Mexico mountains.

Gloria Sanella, who underwent surgery while on vacation in Boston, has returned to 2461-2.

CONTEST WINNER—H. C. (Clyde) Walker, left recently received \$75 in U. S. Savings Bonds and congratulations of Pres. J. W. McRae for winning the service recognition emblem contest. Clyde, who works in 5254, sketched a thunderbird design while away on a field trip. He almost missed the contest deadline, but once the sketch was in, it caught the eyes of the judges and later the fancy of employees, who voted to adopt it for the design on Sandia Corporation's service recognition pin. Arrangements are now being made for manufacture of the pins, and presentation of the first group of over 1000 five-year awards will be made within a few months.

EVENTS

Hobbies are his hobby

Avocations Aplenty Add to Day's Routine

Twenty-four hours a day are just about right for busy Gail Ward, a technical illustrator in 2463; eight hours for sleep, eight hours to work, and eight hours for as likely a set of hobbies as you'll find anywhere!

Gail—with his pretty wife, Jennifer—each evening pursues one of the following avocations (not only at night after he returns home from work, but each hour during the weekends):

1. **Square Dancer:** took a half-year course recently with Jennifer. Square dances, Gail says, keep him pretty busy on Friday nights.
2. **Square Dance Caller:** this is something new. He just took it up this week. He's already purchased a public address system for the purpose, is now intent on giving lessons to neighbors, friends and acquaintances.
3. **Tailor:** Gail makes his own shirts, suits, sports shirts, slacks. He designs his own patterns, cuts the material, sews his own seams. That suit he's wearing now, a natty salt-and-pepper number, is a product of Gail's seamstering.
4. **Water Color Artist:** he devotes a half-hour each night to this. Mostly abstract themes and landscapes. He also handpaints his shirts and ties.
5. **Lapidary:** Gail designs jewelry, then grinds out gems from rough stones he obtains in the New Mexico desert and elsewhere. After he's faceted the stones—rubies, sapphires, petrified wood and agate—he also acts as
6. **Jeweler:** he polishes sets and sets his home-ground stones in specially designed mountings

DOZENS of articles handcrafted by talented Gail Ward and his wife, Jennifer, surround the couple in living room of their new home. Even the clothing they wear in this photo was made at home.

7. **Leather Craftsman:** he carves leather belts, purses for his wife. Starting with natural leather, he dyes the material, works it with leather-working tools, finishes off with engraved sterling buckles, keepers and tips.
8. **Knitter:** garish argyle socks are a Gail Ward specialty. He likes to keep busy while viewing television shows, finally took up knitting. He's been busily putting together socks, matching ties, and afghans for a long time.
9. **Archer:** Gail's now making a small bow for one of his two boys—

10. **Prospector:** hunts rocks, prospects for gem stones, so far disdaining the tantalizing lure of uranium in New Mexico's hills.
11. **Photographer:** owns several cameras, but no longer pursues this hobby as avidly as he did some years ago.
12. **Musician:** plays violin, sings, has taken voice training. Has a guitar, in the closet, but is not anxious to appear in public with this instrument.

13. **Cabinetmaker:** assisted by wife, Jennifer, Gail manufactures the furniture he needs, recovers his old pieces of furniture.

14. **Auto Mechanic:** does all preventive and corrective maintenance work on his 1953 Ford Station Wagon. In this activity, not surprisingly, Jennifer helps out too.

Into this already crowded schedule which he has followed, at a dead run all his life, Gail has now added a program of interior decorating. Last week they purchased a home at 1320 Rhode Island NE, are happily painting and remodeling.

Gail Ward has been a Sandia Corporation employee since December, 1954. He and his family moved here from Encino, Calif., where he was employed by the Douglas Aircraft Corporation.

Gail maintains New Mexico's climate far surpasses California's touted weather. New Mexico's brand of outdoor living has greatly encouraged his rash of hobbies, Gail says, and he and his wife "just enjoy working together." They present as gifts to others the handcraft products they don't use in their own home.

Just now, they are contemplating an advanced study of Latin-American rhythms and dances. They completed the Beginners' Course some time ago. "Samba!" say the versatile Wards, "Here we come!"

IRE Meets Sept. 28

The IRE professional group on circuit theory will meet Sept. 28 at 8 p. m. at Room 218 in Mitchell Hall on the University campus.

Walter E. Brown, 5441, will speak to the group on "Physics of Transistors."

Rooms Available In Sandia Dorms

Vacancies in men's and women's dormitories of the Sandia Corporation-AEC housing office are available for interested Sandia Corporation and AEC personnel.

Applications for residency may be made at the Base housing office, 3214 West Sandia Drive, just west of the Coronado Club.

Private and semi-private rooms in the dormitories are furnished with bed, bureau, mirror, lounge chair, desk and straight chair, desk lamp and linens.

Private rooms with bath rent for \$50 a month, semi-private rooms for \$45.

Dormitory residents are eligible for commissary, post exchange, gasoline, and theater privileges. Linen and maid service are provided at no extra cost.

Kitchens are available for dormitory residents as well as telephone service.

City Election Set For Oct. 4

Sandia Corporation employees are reminded of the city election scheduled for Albuquerque Oct. 1.

Two city commissioners and one police judge will be selected. Polls open at 8 a.m. and close at 8 p.m. First-time voters may learn their precinct and voting place by calling the County Clerk's Office.

Sandia Base residents living west of Pennsylvania Avenue are eligible to vote in this election if they have registered previously. Those east of that street on the Base are outside the city limits.

The League of Women Voters will conduct a school for election officials at 7:30 p.m., Sept. 23, 28, 29 and 30 at Botts Memorial Hall, Albuquerque Public Library.

Lawyers provided by the Junior Chamber of Commerce will represent the City Attorney's office at each session. Also present at each session will be a representative of the Automatic Voting Machine Corp. who will demonstrate use of voting machines.

LABOR LEADERS ENDORSE FUND DRIVE

—William F. Leverenz, Jr.—

Atomic Projects & Production Workers
Metal Trades Council
Albuquerque, New Mexico
September 13, 1955

Mr. L. J. Heilman, Chairman
Sandia Corporation
Employee Community Chest Drive

Dear Mr. Heilman:

The Metal Trades Council is again ready to participate in making the forthcoming Community Chest-Red Cross Drive a success.

As President of the Council, I urge all of our members at Sandia Base to co-operate by giving of their time and money to the utmost of their ability.

In this way, we can point with pride to the fact that in our small way we have contributed to the future welfare of the various participating organizations for the betterment of the City of Albuquerque.

Very truly yours,
W. F. Leverenz, Jr., President
Metal Trades Council
A. F. of L.

Albuquerque, New Mexico
September 7, 1955

Mr. L. J. Heilman, Chairman
1955 Community Chest Campaign
Sandia Corporation
Albuquerque, New Mexico

Dear Mr. Heilman:

As president of the Albuquerque Guards Union, Local 27, International Guards Union of America, it gives me pleasure to be able to express our organization's endorsement of the current Community Chest-Red Cross Campaign which Sandia Corporation employees conduct.

I am sure the guards realize that their support of the Albuquerque Community Chest is an investment in making their own home city a better place in which to live and to bring up their families. The good done by such institutions as St. Anthony's Orphanage, The Salvation Army, Christina Kent Day Nursery, Boy Scouts and all the other groups which receive support from the Community Chest, is easy to see.

Very truly yours,
Robert L. Byrd, President
Local 27, IGUA

Sandia Corporation
Sandia Base
Albuquerque, N. Mex.

Attention: Mr. J. C. Hart

Dear Sir:

At the last Executive Board Meeting of the Office Employees International Union, Local 251, a motion was passed that we send a letter to Sandia Corporation endorsing the Community Chest-Red Cross Drive.

Mr. J. W. Windsor, Vice President of Local 251, was selected to represent the Union in this drive.

The motion also included a request that the Corporation print this letter in the next issue of the Sandia Lab News.

With best wishes for a successful drive, I am

Respectfully Yours,
C. S. Henry, President
Office Employees International Union
Local No. 251, A. F. of L.

Weddings and Engagements

Marriage vows were repeated by Barbara Lee Weaver, 1215, and Vernon E. Kerr, Albuquerque, in a candlelight service Saturday, Sept. 3, at Trinity Methodist Church. A reception at the Coronado Club followed the nuptials. The bride, a graduate of the University of New Mexico, has been with the Laboratory since Oct., 1954; the bridegroom is working toward a degree in the university's engineering school.

Patricia Mares, AEC, and 1st Lt. James Quentin Mischke will be wed at 9 a. m., Oct. 15, in the Newman Chapel on the University of New Mexico campus. A reception will begin at 2 p. m. in Knights of Columbus Hall. Pat completed two years in the university's school of business. AF Lt. Mischke is a graduate of the University of Notre Dame, is presently assigned to AFSWP at Sandia.

Miss Mares Miss Wallace

Nona Wallace, 1925, will become the bride of Jimmie J. Rutherford of Albuquerque, in Highland Baptist Church Oct. 14. The couple will receive friends in a church reception immediately after the ceremony. They plan to honeymoon in Colorado.

The engagement of Sally Cooper and Nicholas T. Pavletich, 2541, has been announced by her parents, Mr. and Mrs. Kessel Cooper, 4628 Twelfth St. NW. The wedding will be Oct. 1 in Sandia Base Chapel, with a reception following at the Coronado Club. "Nick" Pavletich is an investigator in Receiving Inspection Division, has been a Sandian since April, 1951. He is a graduate of the University of New Mexico.

Bride-elect of Joseph E. Magruder of Albuquerque, is Diane Conant, 2224, who has chosen Nov. 24 as her wedding date. Diane is a graduate of Colorado Women's College, Denver; she joined the Laboratory last April. Mr. Magruder is a student of pharmacy at the University of New Mexico.

Albuquerque's First Baptist Church was the scene of the wedding of Barbara Ferguson and Bobby Olson Allen, 1341, Friday evening, Sept. 9. The bridegroom is a staff member in the Electronic Test Equipment Department. The newlyweds will be at home at 235 Sycamore, NE after their wedding trip to New Orleans, La., and Versailles, Ky.

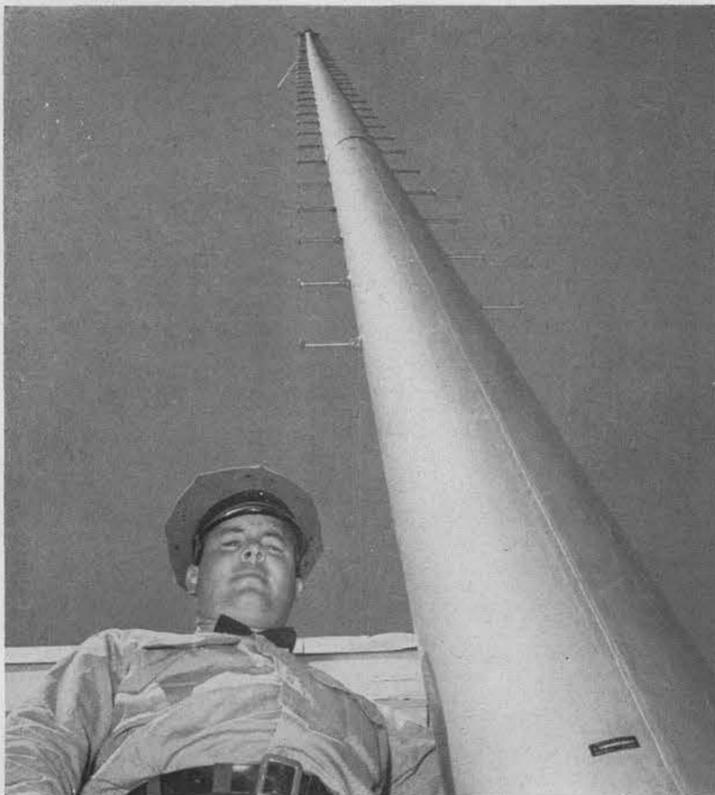

The marriage of Angie Fernandez, 1320, to Frank G. Gurule of Albuquerque took place Saturday morning, Sept. 10, in Immaculate Conception Church. The Rev. George Keleher officiated at the nuptial high mass. A reception was given from 10 a. m. until noon at 1107 Eleventh St. NW, home of the bride's brother-in-law and sister, Mr. and Mrs. E. S. Aragon. The Gurules honeymooned at Grand Canyon.

Gene Russell Top Man in Sandia Tennis Tourney

Gene Russell, AEC, emerged as winner of the Sandia Singles Tennis tournament, downing Hup Wallis, 1731, 6-1, 6-1.

Winners of the doubles were Hup Wallis, and John McKiernan, 1280, who squeaked by the Art Graybill-Charlie Bidwell combination, 4-6, 7-5, 6-3.

Sponsor of the tennis tournaments was the Sandia Corporation tennis club. Trophies will be awarded to first place winners and runners-up by the Employee Recreation section.

The radio voice of Harry Clay, left, dispatcher in 2417, reaches across 40 to 60 miles of New Mexico desert to control movement of Sandia Corporation cars, taxis, heavy duty equipment. Towering 105-foot

length of radio antenna dwarfs Bob Starkey, chauffeur, above. Right, Starkey answers radio summons after chauffeuring taxi to airport to meet incoming Carco plane.

Radio Control Enables One Taxi to Do Work of Two

Installation of 2-way radio sets linking all units of the Motor Pool taxi service was completed recently when a 105-foot steel tower was raised above the taxi dispatch office.

The radio system is expected to double the present passenger handling capacity of the taxi service, without additional vehicles or drivers, according to Earl Craven, 2443, engineer-designer of the project. As a result it will cut in half the cost per passenger.

Costing some \$3,000, the 60-watt station will operate under call letters KOG 819. During the day shift the Radio Service will be operated by the motor pool dispatcher; at night by the night-maintenance dispatcher, and remotely by the Sandia Security guards.

Some eight taxis and eight trucks will be linked by the new radio hook-

up. In addition three hand carried radio units may be placed in other vehicles if needed. "It will permit changes in job assignments and taxi pick-ups while the vehicles are still on the road," Craven said, "saving the time of the driver, gasoline, and wear upon the vehicle during a needless 'dead-head' return trip to the motor pool."

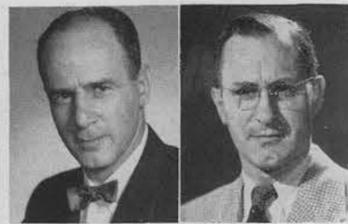

The base of the new silver tower is a concrete block, nine feet deep, and 42 inches in diameter. Though guaranteed to withstand winds up to 150 miles an hour, the tower was designed to sway six feet at the top in Albuquerque's dusty zephyrs. Using the transmitter and antenna, the radio dispatcher can direct the movements of Sandia Corporation vehicles within a distance of 40 to 60 miles.

Atop the mast are an all-direction antenna for radio communica-

Sandia Employees Elected Officers Of N. M. Technical, Scientific Societies

Nicholas Sannella, 5424, has been elected president of the New Mexico Council of Technical and Scientific Societies, and Kenneth Overbury, 1651, vice-president. They will serve during 1955-56.

F. H. Bridgers of Bridgers and Paxton, Albuquerque, was elected

Mr. Sannella Mr. Overbury

secretary-treasurer of the group. Chosen to serve on the Board of Directors were:

Kenneth Overbury, and Richard Kendrick, Albuquerque, representing the New Mexico Society of Professional Engineers; Nicholas Sannella, 5424, and Lawrence Lowe, 2113, American Society of Tool Engineers;

Sheldon H. Dike, 5123, and Lt. Donald Lambrecht, Sandia Base Radio Club.

Tom Marker, 5420, and Stuart Hight, 5100, Institute of Radio Engineers; Max Weber, 5122, and Earle George, 1722, Albuquerque Society of Technical Writers; Earl Craven, 2443, and Rex Tynes, Albuquerque, American Institute of Electrical Engineers.

Others who will represent their organizations on the Council Board of Directors include: Dick Charlton, 5213, and Frank Reeder, 2122, Instrument Society of America; Harry Holmes, and Keith Mead, both 1621, American Society for Metals.

Charles Boettcher, 2531, and Tom Dadian, 2545, American Welding Society; Keith Schroder, 2551, and Allen Hurford, 5331, American Society for Quality Control; W. W. Juvenal, AEC, and Larry Snodgrass, 1631, American Ordnance Association;

Raymond L. Brin, 1241, and C. Gaddis, Albuquerque, American Society of Mechanical Engineers; F. H. Bridgers and H. Munn, both of Albuquerque, American Society of Heating and Air Conditioning Engineers; James O'Neal, 5511, and Doug Ballard, 1634, Society for Non-Destructive Testing, and E. G. Miller, Albuquerque, American Radio Relay League.

Meetings of the Council will be held the first Monday of each month, according to Sannella, at the Warehouse Building on the University of New Mexico campus, at 7 p. m.

ASQC Members Set Training Session

A training session will be held by members of the Albuquerque section of the American Society for Quality Control on Oct. 11 at 7 p. m.

Led by Jerry Lombardi, 5512, the session will discuss the "Use of Mixed Variable Attribute Sampling Plans." The session will be in Mitchell Hall on the University of New Mexico campus.

At 8 p. m., a one-act play, "Sampling Inspection" will be presented.

A. D. Rolland Dies At Home Oct. 14

Alexander D. Rolland, 54, a precision grinder in the Machining Division 2151, of the Mechanical Department, died suddenly at his home in Albuquerque Sept. 14.

He had been an employee of Sandia Corporation since September, 1950. He came to Albuquerque from Vernon, Calif., where he had been living for several years.

Mr. Rolland is survived by two sisters and two brothers, all of whom live in Montreal, Canada.

Sympathy

To Mary Pasko, 5510, for the death of her father-in-law Sept. 8 in Albuquerque.

To Ethel Hooten, 2419, for the death of her daughter Sept. 2 in Lubbock, Tex.

To Mr. George G. Shelton, 2541, for the death of his father Aug. 31 in Baytown, Tex.

To Mr. Melvin Brock, 5222, for the death of his parents Sept. 3 in a automobile accident near Muleshoe, Tex.

To Mr. H. F. Gustafson, 2531-2, for the death of his father Sept. 7 in Las Cruces.

To Mr. Walter Cole, 16443, for the death of his wife Sept. 14 in Albuquerque.

To Mr. Carl Dahl, 1632, for the death of his father Sept. 15.

Barbershop Quartette Prepares for Songfest

The "Lads of Enchantment," Gil Wallace, 2553-3, Don Pitts, 2552-3, and Dan Aycock, 2224, are preparing for the Harmony Rodeo at 8 p. m., Oct. 22, at Albuquerque High School. Featured on the program will be the current International Champion Quartet of the Barber Shop Quartet Society.

Reserved seat tickets, priced \$2, \$1.50, and \$1, can be purchased from any of the above.

Chess Players to Make Study of Famous Games

Plans for a series of talks on various chess openings, attacks, and famous games were being made by members of the Sandia Base Chess Club, according to Ned Wilde, 5412, president.

Meetings are held in the small dining room of the Coronado Club each Tuesday evening at 7:30. All interested Sandia Corporation employees are invited to attend.

Radio Amateurs Of 3 Organizations Have Joint Meeting

The Sandia Base Radio Club, VHF Radio Club, and the Amateur Radio Caravan Club will sponsor a joint meeting Sept. 28 in the Radiation Laboratory of the Lovelace Clinic. Time of the meeting is 8 p. m.

The speaker will be A. L. Budlong, WIBUD, editor of QST magazine, and general manager of the Amateur Radio Relay League. He will discuss "Amateur Activities in General, ARRL Activities in Particular".

All radio amateurs are cordially invited to attend.

US 55485265
9710 TSU, Det. No. 2
Army Chemical Center, Md.

Ski Club Members First Meeting Set For Monday, Oct. 3

The Albuquerque Ski Club will hold its first organizational meeting of the winter season Monday, Oct. 3, 7:30 p. m., at Leonard's Restaurant, 6616 Central Ave. SE. Committees will be formed to outline a calendar of events including the Albuquerque Snow Carnival, the Ski Ball and chuckwagon dance and style show.

Club president Rex McPhaul, 5523, urges prospective members to attend meetings the first and third Monday of each month at Leonard's.

Thomas Pitches Braves to Top Softball Spot

Behind the five-hit pitching of Harold Thomas, 2562, the Braves captured top place in the Sandia Corporation Employees Double Elimination softball tournament, downing the Dodgers, 5-4, in extra innings.

Cliff Rudy, 2443, did the hurling chore for the Dodgers, giving up seven hits. The loss represented a tough break for Rudy, since four of the Braves' five runs were unearned.

Managing the Braves was Mel Otero, 2522. Mike Kuliasha, 2441, called signals for the Dodgers.

In the semi-finals, the Braves handed the Dodgers their first defeat, 9-3, and the Dodgers eliminated the Indians, 12-6. Upsets marked the tourney throughout, as the Angels, close to the cellar throughout the season, knocked off league-leading White Sox, 14-13. The Yanks were defeated by the Athletics, 16-8, in a runaway game that turned tables of season averages.

Trophies will be awarded to both first and second place winners in the tournament.

Coronado Club's Young Bowlers to Appear on TV

Representatives of the Coronado Club Junior Bowling League will appear on the KOB-TV Championship Bowling Program Wednesday evening, Sept. 28, at 9 a.m.

During the intermission after the second game of the program, Jimmie Heilman, son of Luther Heilman 2400 and Geraldine Kaspar, daughter of C. J. Kaspar, 3153, and Delores, 1925, will be interviewed by local KOB staff announcers.

President of the organization is Jerry Dulz, son of James Dulz, 2541. Vice-president is Jim Weber, son of James Weber, 2152, and secretary-treasurer is Val Kasper.

COLORADO STREAMS yielded these rainbow and German brown trout caught by Gene Chavez (left) 2234, and La Verne Lathrop, 2562. Roscoe Bryant, 2412, accompanied them on the fishing expedition.
